SUCCEED, offered at University of Missouri – St Louis (UMSL). Earn Chancellor’s Certificate by completing the two-year residential program. The SUCCEED curriculum has been designed to create a living-learning experience where young adults with intellectual and developmental disabilities are empowered with skills necessary to be independent, engaged, and contributing members of their community. The curriculum, learning activities, and internships are structured around social interaction, personal development, independent living skills, and preparation for employment and/or preparation for a degree-seeking program. The curriculum will develop skills in five key areas: Personal development, Community participation, Vocational training, Academic improvement, and Social participation. The vocational thread will include internships for participants that may lead to employment opportunities after completion of the program.
