

2020 Covid-19 Updated Resources

GENERAL

- The City of Kansas City is extending the 2019 Earnings Tax filing and payment deadline to July 15, 2020, mirroring the guidance issued by the Internal Revenue Service and the state of Missouri Department of Revenue.
- Evictions have been paused across the metro but Governor Parson has not issued an executive order preventing evictions and foreclosure because of financial hardships related to COVID-19.
- Tenants struggling to pay rent should first contact their landlord or property manager to ask for a payment plan or another arrangement – see assistance page for help with rent payments.

Mirroring the federal guidance issued by the Internal Revenue Service (IRS), the Missouri Department of Revenue (DOR) will provide special filing and payment relief to individuals and corporations:

- **Filing deadline extended:** The deadline to file income tax returns has been extended from April 15, 2020, to July 15, 2020.
- **Payment relief for individuals and corporations:** Income tax payment deadlines for individual and corporate income returns with a due date of April 15, 2020, are extended until July 15, 2020. This payment relief applies to all individual income tax returns, income tax returns filed by C Corporations, and income tax returns filed by trusts or estates. The Department of Revenue will automatically provide this relief, so filers do not need to take any additional steps to qualify.
- This relief for individuals and corporations will also include estimated tax payments for tax year 2020 that are due on April 15, 2020.
- Penalties and interest will begin to accrue on any remaining unpaid balances as of July 16, 2020. Individuals and corporations that file their return or request an extension of time to file by July 15, 2020, will automatically avoid interest and penalties on the tax paid by July 15.

To alleviate public congestion in local license offices, DOR has implemented automatic extensions for expiring driver licenses and motor vehicle registrations. These extensions are effective immediately:

- Vehicle owners with registrations or license plates expiring in March and April have been granted an automatic two-month extension. Owners will be

able to continue operating their vehicles on Missouri roadways without penalty until they can apply for renewal.

- The time frame in which a vehicle safety and emission inspection is valid for March and April license plate expirations has also been extended an additional 60 days. Applicants for title will not be assessed a late title penalty when visiting a license office, effective immediately; this waiver will continue through April 30, 2020.

Valid Missouri driver licenses, nondriver licenses and noncommercial instruction permits with original expiration dates of March 1, 2020, through April 30, 2020, have been granted an automatic 60-day extension:

Special No-tag trash week added April 13-17

During No-tag Week, residents may place up to 12 bags at the curb. Regular **trash rules** apply. No hazardous waste, bulky items or leaf and brush will be collected.
