Classes to Enhance Your Life and Career

By sheer numbers, North Kansas City Schools is the fastest growing district in the state of Missouri. We are now home to more than 21,000 learners! It is time to plan for our future.

Many of our facilities are more than 60 years old. While we expand current sites to best serve our students, we must also ensure some of our oldest schools receive the attention they deserve. Our custodians have done an incredible job maintaining our facilities. Unfortunately, the age and wear of our buildings have produced challenges and inequities throughout the system.

To address the need for expansion and equity, I ask you to consider a $155 million zero tax increase bond issue as part of the June 2 ballot. Passage of this bond measure would allow several key projects to take place, including:

- Modern stadium complexes at Winnetonka and Oak Park, complete with press boxes, concessions, restrooms, permanent seating, and lockers. Fans could truly enjoy a home game experience!
- A new modern entrance on the south side of Oak Park.
- A state-of-the-art Library Media Center with additional space for instruction and collaboration at Winnetonka.
- Total replacement of Maplewood and Davidson elementary schools.
- Renovation and addition at Briarcliff Elementary.
- A new classroom wing, activity/athletic additions and expanded parking at Staley.

One of the opportunities I am most excited about includes increasing services for some of our youngest learners. NKC Schools purchased the old Hobby Lobby and Price Chopper on Antioch Road to become an Early Childhood Education Center. This empty retail space will be transformed into a bustling environment serving nearly 1,000 three and four-year-olds!

To make these proposed improvements a reality, please consider the $155 million zero tax increase bond issue on the June 2 ballot. We are thankful for our community and the tremendous support we’ve enjoyed for many years.

Draw with Pastels: All about Ocean Life (Age 6-10 yrs)  
Five fun-filled days await your child as we explore ocean life as they learn to draw and color with pastels. We will create detailed, pastel compositions focusing on a different ocean-themed subject each day. We will draw eye-catching starfish along the shoreline and a pair of vibrant clown fish. We will illustrate a sea turtle with bold patterns, a blue crab and a wondrous scene of jellyfish. Our instruction will bring remarkable results, and you will want to head to the frame shop with your child’s finished pastel pieces. These pastel drawings will reward students with a great sense of pride and accomplishment. All materials provided.

Social Security: Your Questions Answered
Before you retire, it’s important to understand your options regarding Social Security and the impact your decisions have on your retirement. Have you been to a presentation on Social Security where they give facts and figures, rules and regulations, and (unintentionally) put you to sleep? In this class, I do the opposite. I’ve built a presentation to answer all of the most popular questions and then some. The class is only a little over an hour, and time permitting, I try to also incorporate a few “Income and Risk Management” topics that co-exist in regards to the decisions that must be made with Social Security. Please bring as many questions as you can think of!

**BUS108-20S-2**  Norclay Bldg at NKCHS, Rm 818
Thu 7/16 (1X)  6:30 PM-8 PM  $25
Instructor Jeff King is a financial advisor and is passionate about helping families learn about managing finances.

“I am coming up on retirement and Mr. King answered all my questions and helped make it less scary.”  — Paula W.

Optimize Your Pharmacy Benefit
Pharmacy benefits can be complicated. During this interactive class, you will learn the basics of pharmacy benefits from the consumer perspective to help you make more informed decisions and to prepare you for what may lie ahead. Become a more active member of your healthcare team so that you can be sure you are getting the medication you need, when you need it, for the best price. This class is for adults ages 18 and up with any type of health insurance plan that includes prescription coverage.

**BUS401-20S**  Norclay Bldg at NKCHS, Rm 813
Thu 7/16 (1X)  6:30 PM-8:30 PM  $29
Instructor Heather Epps has a Doctor of Pharmacy degree. She has experience in pharmacy benefit management, retail pharmacy and prescription savings methods. Heather has developed a program to help people optimize their pharmacy benefit and become advocates for themselves.

### LEARN TO MAKE FERMENTED VEGETABLES, KOMBUCHA & KEFIR

Before the advent of modern day canning most of our American foremothers understood the process of lacto-fermentation. They had crocks of real sauerkraut, lacto-fermented cucumber pickles and other treasures such as beets, onions or garlic waiting out the winter in the root cellar. Those countries with histories deeper than our own traditionally fermented vegetables with simply salt, water and spices — knowing that the lactic acid produced would prevent the putrification of these precious nutritional storehouses, keeping them fed through winter. In this fermentation workshop, you will get to taste and take home your own kombucha scoby.

Tai Chi – Beginner
Tai Chi is a Chinese exercise that improves balance and increases circulation. Recommended by Harvard Medical School and the Arthritis Foundation for health and fitness, participants will learn beginning basic principles of the training method of Tai Chi. Traditional Qi Gong warm-up exercises and rhythmic Silk-Reeling movements culminating in the Chen style 6 posture four directional form will be taught. Wear comfortable clothing and flat shoes.

HLH205-20S-2 Rising Hill Elem, Gym
Wed 7/8-8/12 (6X) 6:15 PM-7:15 PM $59
Instructor Roxie Hein has studied and taught martial arts since 2008. She is a fully certified Tai Chi instructor with a 2nd degree Blackbelt in Taekwondo and is an international gold medalist competitor in the full Tai Chi curriculum.

Advancing in Tai Chi (Intermediate)
Build on the foundations and movements from beginning Tai Chi. This class introduces 32 new transitional movements and postures to learn the Chen style Lao Jia Old Frame Long Form, which has a total of 74 postures, many of which are repeated throughout the form. Bring your health and Tai Chi to the next level! Feel free to repeat this class as needed.
