PARENT HANDBOOK

Official Board of Education policies are available at school offices and on the district website at www.nkcschools.org.
As NKC Schools reopens school buildings after mandated closures due to COVID-19, a Return to School Plan has been created to help guide the school day. A team of more than forty individuals including physicians, district leaders, teachers, staff members, parents and community members worked over several months to devise a plan that ensures students safely return to learning. Due to the public health changes initiated by the coronavirus, the Return to School Plan may alter certain practices and procedures outlined in the parent handbook. As the district implements recommendations on social distancing, face masks, and enhanced sanitizing and disinfecting, please follow the updated guidance for health and wellness offered in the plan. Should you have questions or concerns about current school practices, please contact your school principal for the most up-to-date information.

District Information and Policies
July 2020

Dear Crestview Families:

The 2020-2021 school year is upon us! We are excited to have successfully completed the fifth year of the extended calendar schedule. Crestview has been providing the community with high quality learning experiences for over 60 years. We are one of two schools in the state of Missouri that transitioned to the extended calendar (30 additional days to curb summer regression). These additional learning days enabled us to dive deeper into the curriculum and allow for better understanding of materials in order to better meet the needs of our students.

Crestview’s Vision is: “Where a community of learners inspires relationships and purposeful innovative learning in a global society.” Our Mission is: “Teachers, students, and parents working together to help students do their personal best at school and in the community.” Crestview is committed to doing “Whatever it Takes” for our students. We celebrate our diversity, serving students from nearly 30 countries who speak over 25 languages.

We are in our tenth year of implementing our balanced literacy plan. Within our daily schedule, students are engaged in several hours of reading, writing, listening, and speaking during the school day. Our workshop model allows for whole group, small group, and individual instruction. We are also implementing a You, We, I model for mathematics and 5E model for science.

Crestview is committed to providing a learning environment where each student’s academic, physical, social, and emotional needs are met. This ensures each child has the opportunity to develop to his or her fullest potential. This would not be possible without a highly knowledgeable and dedicated staff, supportive parents and families, and community partners willing to volunteer their time and resources. We encourage you to become actively involved in your child’s education by volunteering, becoming a YouthFriend, or by joining our PTA.

We look forward to strengthening relationships with our current Crestview families as well as welcoming new students and families into our school community. Let’s have a wonderful year by Being Respectful, Being Responsible, and Being Kind!

Dr. Eric Carlin, Principal

Mr. Jake Hartley, Asst. Principal

Crestview School Discipline Philosophy
In the Crestview community, learning and using life skills are critical to the success of all students. To become a life-long learner, students will be expected to:

3. CRESTVIEW COMMUNICATION CHAIN

If you have a question or concern involving your child or activities relating to school, we ask that you follow this communication chain. It is helpful when leaving messages or emailing us to include your child’s first and last name and a brief message about the situation. This allows us to be better prepared in addressing your questions.

- If the issue or question involves your child and classroom situations such as homework, assignments, actions in the room taken by the teacher, etc., **PLEASE CONTACT THE TEACHER FIRST.**

You can do this by email, in writing, or over the phone. Please allow the teacher 24 hours to respond to your request. During this period, they might have meetings, papers to copy, assessments to grade, tests to prepare, lesson plans to finalize, etc. They may not be able to communicate with you immediately, so please be patient.

- If the issue or question involves the functioning of the building, discipline issues occurring in the office, or you have already contacted the teacher and feel that you did not get satisfactory results, **PLEASE CONTACT THE PRINCIPAL.**

This, too, can be done by email, phone or in writing. You can expect a return response within 24 hours.

Thank you for your cooperation with our communication chain. We do want to communicate with you about the issues involving your child/children. We are committed to providing a high-quality education for your child and keeping open lines of communication between parents and teachers.
4. ATTENDANCE POLICY

Compulsory Attendance: BOARD POLICY – JEA
(http://www.circuit7.net/documents/familycourt/truancy.pdf)

Once enrolled in the district, the district expects the student to attend regularly and for the student's parents/guardians or other adults having charge, control or custody of the student to communicate regularly and honestly with the district regarding the student's absences. Because the North Kansas City School District Board and district staff strongly believe that regular attendance is important in gaining the most from the educational experience and because state law requires district staff to report all instances of abuse and neglect, including educational neglect, the district will make every effort to ensure students are attending school as required by law. These efforts include, but are not limited to: accurately recording attendance, creating procedures for regular communication with parents regarding attendance, investigating truancy, and reporting suspected incidences of educational neglect to the Children's Division (CD) of the Department of Social Services.

The state of Missouri through MSIP accreditation (http://moparent.com/msip5-performance-standard-attendance-rate) states that students are expected to maintain an attendance percentage of 90% or higher. This is calculated by minutes, so arriving late and/or leaving early can lower your student’s attendance percentage.
ARRIVAL PROCEDURES

School doors are open from 8:45 AM - 4:10 PM. Staff members are not on duty to supervise students before 8:45 AM. Children may enter the building at 8:45 AM when eating breakfast at school, but should not arrive prior to this time to ensure their safety.

Your child’s safety is our top priority. Bus Riders will enter the building through (north) Door #2 & 3. Car Riders will enter through (west) Door #1 & 8. Walkers may enter from Door #3. All students upon arrival to school will immediately go to classroom. No bikes are allowed at school due to road safety concerns and no bicycle racks.

*See above Map
DISMISSAL PROCEDURES

Should the mode of transportation home be different, please send a note to school with your student or call **at least 30 minutes prior to dismissal.** Once students have prepared for dismissal, it is difficult to change your child’s normal dismissal routine. This is to ensure your student’s safety.

Students will not be released to someone other than those designated on the enrollment/emergency card. For your child’s safety, you or anyone designated to pick up your child should be prepared to show identification upon request. If a teacher is not familiar with a vehicle or adult picking up a student, you will be asked to wait until we can verify with the office.

If you have a situation where someone in particular is not allowed to pick up your student, the school administration requests that you talk with them personally. In the case of a custody issue, documented paperwork from a court of law is **required.**

**Students will begin dismissing at 4:10.** At dismissal, buses will be called over the intercom in the order they arrive. Walkers will report to the gym at this time and car riders will meet outside in the front loop.

*See above Map

CAR RIDER PROCEDURES

NEW!! Each family received a window sign that states their child’s name and their child’s grade level. Please have this in your front window as you arrive to pick up your child. We will use this sign to get your child to your car quickly, and safely. If you have children in multiple grades, please provide both or provide the oldest child’s grade level sign. We will ensure that families are waiting together in their designated area.

Parents dropping off/picking up students will need to use the **double lanes** in the front of the building. For your child’s safety, we will load/unload cars one at a time and cars will then exit one lane at a time as signaled. As you pull out of the driveway, please exit to the right for the safety of staff and on-coming traffic. **NEVER** leave your car - unattended cars slow traffic and interfere with safety of students. **Please refrain from using your cellphone while in the car rider line.**

At dismissal, please start arriving 15 minutes before dismissal time and **remain in your car.**

Any parent who walks to the car rider line to pick up their child will then be considered a walker and will need to pick up their child in the walker line. Parents who wish to enter the building need to find a parking space that **will not block the flow of traffic.** The shortage of parking is a problem. Visitor parking is located in the front southern end of the building or in the surrounding neighborhood.
WALKER PROCEDURES
Walkers being picked up by a parent should arrive at (east) Door #5 at dismissal time to pick up their student. Parents who choose to walk up to the school to pick up their child after parking their car along the community streets will be considered a walker. Please do not block driveways or park your tires in the yards of any neighbors.

Walkers who walk home by themselves will be dismissed after all cars and buses have left. Walkers unaccompanied by an adult will be dismissed through Door #1 or Door #5 (depending on if they live east or west of the building). Pursuant to North Kansas City Schools Board Policy RCG, animals are not allowed on district/Crestview property except in accordance with the law and policy.

All Walkers (including parents):
- Need to stay on sidewalks, and not walk up and down the bus lane.
- Should be careful not to walk in anyone’s yard.
- Should cross at the cross walks.

*See above Map
6. POLICIES AND PROCEDURES

ADDRESS AND TELEPHONE CHANGES
Due to safety reasons and for optimal parental contact, it is ESSENTIAL that the office has current information. Please notify the office of any changes in your address or telephone numbers (home, cell, or work).

SCHOOL CELEBRATIONS
Four scheduled academic and character celebrations will be held each school year. These are held around the end of each quarter and are designed to celebrate student successes and one another. Celebrations will take place the last 30 minutes of the school day. To safeguard students, treats are restricted to commercially pre-packaged items per District policy.

- Academic Celebrations & Character Celebrations will be held on:
  - July 31st - Respect
  - October 16th – Citizenship
  - December 18th – Generosity
  - March 12th - Kindness

*We will not celebrate specific holidays throughout the school year as we want to be inclusive of our diverse student population.* Please do not send your student with any holiday items, including food such as cupcakes, candies, goodie bags, cards, etc. for holidays individual families may celebrate. Crestview and Crestview PTA will collaborate to create afterschool events to celebrate other holidays throughout the year.

FIELD TRIPS
Each grade level will participate in several field trips per school year. Parents may attend field trips unless certain circumstances do not allow for additional participants. Parents may not act in a supervisory capacity (overseeing other students unless they have been screened through our YouthFriends program). Parents can attend and monitor their child only. Any overstepping of this boundary may result in the parent not being allowed to attend future classroom/field trip events. Please allow the teacher to redirect or correct issues. There may be certain circumstances where a parent will be required to attend the field trip with their child as a monitor in order for their child to attend.

BIRTHDAYS
Our focus at Crestview is on the education of our students. Since time is at a premium, we feel that as much as possible, it should be spent on instruction. Teachers will make every effort to acknowledge a child’s birthday at the end of the school day or at the discretion of the teacher. Commercially pre-packaged treats can be shared with classmates. No homemade products are allowed. Please check with your child’s teacher regarding food allergies. Parents will need to notify teachers 24-48 hours ahead of time to schedule a time and day for the celebration. A preferred method of celebrating a child’s birthday is during the student’s lunch period when proper utensils are provided.

PARTY INVITATIONS
Students are only allowed to distribute invitations for parties if the entire class is receiving one.
BRINGING CELL PHONES/TOYS/NON-RELATED ITEMS TO SCHOOL

All toys, electronic equipment, CDs, skateboards, bikes, roller blades, shoe skates, etc. are to be left at home. Lasers, knives/pocket knives, and toy weapons may be considered weapons under the Safe Schools Act. Students should not bring items to school to sell or trade. If an item is not school-related, please leave it at home. **Failure to leave unrelated school items at home will result in the loss of the item and the parent must come to the school to retrieve the item.** The school will not be held responsible for any lost or stolen items. If your child needs to have a cell phone for safety reasons, parents are responsible for contacting the teacher and making arrangements.

General, the following guidelines will be used:

- The mobile phone will be the child’s and parent/guardian’s responsibility at all times.
- The school is not responsible for lost or stolen mobile phones.
- The phone will be turned off during the school day and not visible.

**If guidelines are violated, the privilege of the mobile phone may be revoked.**

BICYCLES AT SCHOOL

Due to road safety concerns and the fact that we have few sidewalks, please leave all bicycles at home. There are no bicycle racks to secure bicycles ridden to school. The school is not responsible for lost or stolen bicycles brought to school.

PLAYGROUND

Only playground equipment from the school is permitted during recess. Please do not bring items from home. We do not have storage space and cannot ensure that items will not be lost, broken, or stolen. **Failure to leave unrelated school items at home will result in the loss of the item and the parent must come to the school to retrieve the item.**

PARKING

While visiting school, please park in the posted parking areas. The southwest corner of the building has limited “visitor parking” in this area. There is also parking located in the back of the school. Please do not block neighborhood driveways or park on the private lawns/property along the street across from the front of the school.

LUNCH

With current restrictions due to Covid-19, visitors will not be allowed in the building

We encourage you to come and enjoy lunch with your student. When eating lunch with your student, please adhere to the following:

- Check in at office and receive a visitor’s badge.
- You and your child will sit at a designated visitor table in the cafeteria.
- Only eat with your child, unless you have gone through the YouthFriend training.
- To safeguard students, food can only be shared with your own child.
SENDING MEDICATION TO SCHOOL
According to District Policy JFCH, any and all medication must be brought to school and given to the nurse by a student’s parent/guardian. The purpose of this policy is to limit controlled substances that could potentially harm students without the oversight of an adult. Furthermore, students in possession of medication may be found in violation of policy JFCH.

SENDING CASH TO SCHOOL
Please avoid sending cash to school. When cash must be sent, please place it in a sealed envelope that is clearly marked with the following: name, teacher, amount of money, and purpose for the money. Students should deliver lunch money directly to the cafeteria manager immediately as they arrive. Teachers cannot be held responsible for collecting money from students.

RECESS
Every effort will be made for students to have outdoor recess; students should plan to participate in recess provided their teacher feels they have not lost that privilege. Weather conditions that affect recess are snow, rain, or if the outdoor temperature falls below district standards (25 degrees F. with wind chill or above 95 degrees F. with heat index). Children will need a doctor’s note in order to not participate in recess or PE. (Note: Children are discouraged from wearing flip-flop type shoes, particularly during PE and recess, due to potential injuries. Students may not be allowed to participate in these events if not dressed properly. We request that children wear tennis shoes for their personal safety.)

VISITORS TO CLASSROOMS AND DISTRICT EVENTS
With current restrictions due to Covid-19, visitors will not be allowed in the building.

The North Kansas City Board of Education encourages parents to be actively involved in their child’s education. The District is also committed to maintaining an instructional climate that is conducive to student success. Visitors are asked to schedule visits in advance so as to not interfere with the instructional program. Visitors must check-in with an I.D. at the office upon arrival and wear a visitor’s badge. Classroom observations are subject to several conditions outlined in district policy: Visitors to Classrooms and District Events KK.

Third party observations are permitted if the observation is: legally required, in the best interest of the child or is otherwise designed to improve the district’s educational program. Parents who wish a third-party observation must complete district form KK-AF and turn it in to the principal. Parents will be notified if their request has been approved.

District events are a vital part of the total educational program and should be used as a means for developing wholesome attitudes, positive social interaction, good sportsmanship, and appropriate behavior. Patrons are encouraged to attend and exhibit good sportsmanship, citizenship, ethics, and integrity at all district events. Consequences for not adhering to appropriate behavior are outlined in district policy KK-AP.

Student visitors from other locations will not be allowed to visit during instructional times.
STUDENT CONDUCT ASSOCIATED WITH THE SCHOOL DAY, SCHOOL TRANSPORTATION, AND SCHOOL ACTIVITIES

The school district believes in a proactive approach to student safety and well-being involving the parents and all associated with the activities of the school day and school events. Students are responsible for following school rules and regulations any time students are involved in activities associated with the school. This includes from the time students leave their home, throughout the school day, and until they arrive at home after the school day or school activities. This student responsibility applies to any school district property, school field trips, school sponsored activities, walking to and from school, or when riding school transportation. School transportation includes between home and the bus stop, while at the bus stop, and when riding on the school bus. School transportation is a privilege and will be revoked if proper safety procedures are not followed.

WEAPONS IN SCHOOL

The Board of Education recognizes the importance of preserving a safe educational environment for students, employees and patrons of the district. In order to maintain the safety of the educational community, the district will strictly enforce the necessary disciplinary consequences resulting from the use or possession of weapons on school property, buses, or school activities.

A weapon is defined to mean one or more of the following:
2. A blackjack, a concealable firearm, firearm, firearm silencer, explosive weapon, gas gun, knife (any dagger, dirk, stiletto, or bladed hand instrument) that is readily capable of inflicting serious physical injury or death by cutting or stabbing a person ("Knife" does not include any ordinary pocketknife with no blade more than four inches in length), knuckles, machine gun, projectile weapon, rifle, shotgun, spring gun, switchblade knife, as these terms defined in 571.010, RSMo.

4. All knives and any other instrument or device used or designed to be used to threaten or assault, whether for attack or defense.
5. Any object designed to look like or imitate a device as described in 1-4.

MANDATORY DISCIPLINE FOR WEAPONS VIOLATION

In accordance to current law, any student who brings or possesses a weapon as defined in #1 or #2 above on school property will be suspended from school for at least one (1) calendar year or expelled and will be referred to the appropriate legal authorities. The suspension or expulsion may be modified on a case-by-case basis upon recommendation by the superintendent to the Board of Education. Students who bring or possess weapons as defined in #3, #4, and #5 and not otherwise included in #1 and #2 will also be subject to suspension and/or expulsion from school and may be referred to the appropriate legal authorities.

A parent/guardian **must** accompany their student(s) to any evening event. Failure to do so will result in the child not being able to participate.
8. ACADEMIC PROGRAMMING

ENGLISH LANGUAGE LEARNERS
Services for English Language Learner (ELL) students are provided. Returning students who are already in the ELL program will continue to receive support. New students who enroll with a language other than English indicated on the enrollment form will be screened for eligibility of ELL services. If a student qualifies for services, parents will be contacted by an ELL teacher to discuss screening results and the ELL program. Students who qualify will remain in the ELL program until they meet the criteria to exit.

INTERVENTION STRATEGIES – RESPONSE TO INTERVENTION (RTI)
Teachers use a variety of strategies to instruct students, especially students having difficulties in reading and math. Specialists from the district may also assist teachers in developing plans to help students. Parents will be contacted before an interventionist or specialist begins working with their child.

- All students in Tier I receive high-quality, scientifically-based instruction differentiated to meet their needs and are screened on a periodic basis to identify struggling learners who need additional support.
- In Tier II, students not making adequate progress in reading and math are provided with increasingly intensive instruction matched to their needs on the basis of levels of performance and rates of progress.
- In Tier III, students receive individualized intensive interventions that target the students’ specific needs for the remediation.

COUNSELING
School counselors meet with individual classrooms every other week. The counselors use a specific curriculum. Also, students may be seen individually or in small groups. Additionally, counselors are available to conference with parents.

ENCORE CLASSES
Students at Crestview participate in a variety of instruction outside the regular classroom. Art, music, physical education, health, library, and instrumental music for 5th graders are offered to our students. Students should wear gym shoes on the day he/she has physical education. Each student participates in all PE activities unless she/he is excused in writing by a parent. Extended requests over three days require a doctor’s excuse.

PRESCHOOL
Preschool is available for students who have turned four years old by August 1. Students must be screened to determine eligibility for these services. Please contact the office for more information. Due to limited space, Crestview’s preschool program is located at Chouteau Elementary and can be reached at (816) 321-5453.

DISTRICT AND STATE TESTING
All students participate in the district approved assessment plan. Students will be administered assessments in math, reading, writing, social studies, and science. Results of these tests are used to help monitor student mastery of the district curriculum. The results of these exams are shared...
with parents. In addition, students in grades 3, 4 and 5 are required to take the Missouri Assessment Program (MAP) test. Students in these grades will take the MAP test in April/May.

9. STUDENT GROUPS AND ACTIVITIES

STUDENT DIVERSITY COUNCIL
Student participation in the Diversity Council is to be determined. Students must have parent permission to serve since meetings will be scheduled outside of the regular school day. The council members meet monthly and serve in an advisory capacity. They are responsible for helping the Crestview Community be respectful, responsible, and kind. They may also sponsor school fundraisers as well as organizing other Crestview activities.

CRESTVIEW RUNNING CLUB
Running Club will be open to a limited number of 4th and 5th grade students in the fall and the spring. Students will train to run in a 5K together at the conclusion of the season. Students must remain in good academic standing with no major office referrals.

ADVENTURE CLUB
This fee based program runs from 6:45 AM - 6:00 PM and is a structured program led by trained personnel. Please call the main office at 816-321-5017, if you are interested. Adventure Club is a before and after school program that provides quality childcare in a safe environment.

ENGLISH LANGUAGE LEARNER (ELL) TUTORING

Students receive small group instruction while engaged in a computer-based learning program. Communication Arts learning goals are individually set and student progress is monitored for growth. Bus transportation is available for these activities.

Modifications to Crestview’s afterschool programs may take place. Notifications will be sent home to parents if this is the case.

Known for innovation and excellence, North Kansas City Schools serves over 20,000 students in suburban Clay County, Missouri. Established in 1913, the school district is rich in tradition with a heritage of active engagement with the 13 communities it serves. The District has 30 schools in Kansas City’s “Northland” stretching from Briarcliff to the Staley neighborhoods.

As a state and nationally accredited district, recognized as a Champion for All Students, North Kansas City Schools prepares students to be successful in a rapidly changing, diverse world. Students are engaged through challenging, thought-provoking educational experiences to master skills and knowledge to maximize their unique potential.

All four high schools are designated “A+ Schools,” allowing students who meet academic, attendance and citizenship criteria to receive two years of college tuition reimbursement from the State of Missouri. Each high school offers Distinguished Achievement Programs, which include the Gold Medallion Diploma option, AP Capstone Diploma, Early College Academies (including MCC - Maple Woods Community College Early College Academy and MCC – BT Kansas City Construction Career Academy), and AP courses. Students also can elect to participate in highly specialized studies through International Baccalaureate or the International Baccalaureate Career Certificate program, Project Lead the Way, Northland Career Center, Northland Center for Advanced Professional Studies, as well as an automotive technology program. In addition, North Kansas City Schools offers students extensive online learning powered by Launch.

From birth, children in North Kansas City Schools can begin their path as learners through Parents As Teachers and district sponsored preschool programs. Students benefit from full-day kindergarten, gifted education, 5th grade strings, middle school extended-day programs, a summer enrichment program, and elementary before-and after-school childcare. Adult learners keep their minds active and skills sharp through an array of year-round Community Education offerings.

Although North Kansas City Schools is one of the larger suburban districts in Missouri, it is known for its neighborhood schools and sense of community. Teachers, support staff and educational leaders partner with parents and communities to ensure success for learners of all ages and abilities.

Active advisory committees and a thriving Education Foundation engage the greater community to inspire future successes. Through these ongoing partnerships, North Kansas City Schools ensures every student will have a solid academic foundation and will explore lifelong learning opportunities that lead to success beyond their formal education.

Student and Parent Rights

*Diversity Statement*
North Kansas City Schools fosters respect and understanding among all cultures and individuals who learn and work in our school community. We are committed to drawing strength from our differences and building on our similarities to:

- Create a positive environment.
- Empower all people to reach their full potential.
- Remove barriers of bigotry and prejudice that infringe upon individual freedom, respect, and progress.
- Attract talent that reflects our community.

*Racial/Ethnic Harassment Policy*
North Kansas City Schools is committed to providing a school environment that is free from all forms of harassment. In keeping with this commitment, the district maintains a strict policy prohibiting any type of racial/ethnic harassment by any student, staff member, agent of the district, or vendor. Harassment includes verbal abuse, physical threats, and visual displays. Racial/ethnic harassment will not be tolerated. Violation of this policy will result in disciplinary action. A parent conference with the school principal is mandatory in any substantiated racial/ethnic incident. Any individual who reports racial/ethnic harassment will not be retaliated against. Complaints will be handled as quickly as possible. Forms for reporting incidents of harassment are available at the school or at the district office.

The Harassment Form may be found by following the link: Policy AC

*Sexual Harassment Policy*
North Kansas City Schools strives to create an optimal learning environment for its students. The district does not condone and will not tolerate the sexual harassment of students or staff, or a school or classroom environment which promotes or encourages sexual harassment. Sexual harassment is defined as the creation of a sexually hostile or offensive school or classroom environment occasioned by or due to the sexual advances or verbal or physical conduct of a sexual nature. This may include sexual touching, offensive jokes, insults, innuendos, gestures or disparaging remarks whether written or verbal. A student who feels that he or she has experienced or observed sexual harassment should report such incidences to a classroom teacher, student counselor, school principal or Assistant Superintendent – Student Services. The student is assured that the matter will be investigated, and appropriate action taken.

The Harassment Form may be found by following the link: Policy AC

*Public Concerns and Complaints*
Parents need to discuss concerns with the teacher and/or principal first. If parents feel that these efforts have not resolved the issue, the District has a formal process for a parent to request a review of services. The Review of Services Form may be found by following the link:

In-District Transfer Procedures

Students are expected to attend the school that serves the area of their residence. An exception may be granted, on a space-available basis, for legitimate needs of the children and their families. Parents need to complete a Transfer Request form annually. The form is electronic and can be found on the district website by clicking here and is reviewed by the Director of Student Services. As a general rule, parents must provide transportation for their children that attend a school approved by a transfer request.

Transfer Procedures

If it becomes necessary for your child to transfer, please notify the school office as soon as possible. If you are moving within the North Kansas City School District, your child’s records will be sent to the receiving school automatically. If you are moving outside the District, a copy of the records will be sent to the receiving school upon its request.

Parents’ Rights to Records

Parents or legal guardians of students in the North Kansas City Schools may, upon written request, examine their child’s permanent record. Arrangements should be made with the principal.

Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA) is a Federal law designed to protect the privacy of a student's education records. The law applies to all schools, which receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student, or former student, who has reached the age of 18 or is attending any school beyond the high school level. Students and former students to whom the rights have transferred are called eligible students.

- Parents or eligible students have the right to inspect and review all of the student's education records maintained by the school. Schools are not required to provide copies of materials in education records unless, for reasons such as great distance, it is impossible for parents or eligible students to inspect the records. Schools may charge a fee for copies.
- Parents and eligible students have the right to request that a school correct records believed to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record commenting on the contested information in the record.
- Generally, schools must have written permission from the parent or eligible student before releasing any information from a student's record. However, the law allows schools to disclose records, without consent, to the following parties:
  - School employees who have a need to know;
  - Other schools to which a student is transferring;
  - Certain government officials in order to carry out lawful functions;
  - Appropriate parties in connection with financial aid to a student;
  - Organizations conducting certain studies for the school;
  - Accrediting organizations;
  - Individuals who have obtained court orders or subpoenas;
  - Persons who need to know in cases of health and safety emergencies; and State and local authorities, within a juvenile justice system, pursuant to specific State law.

Schools may also disclose, without consent, "directory" type information such as a student's name, date of birth, parents’ names, grade level, honors and awards and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means
of notification (special letter, inclusion in a PTA bulletin, student handbook or newspaper article) is left to the discretion of each school.

The FERPA Form may be found by following the link: https://www.nkcschools.org/Page/695

Visitor Policy
All visitors are required to report to the Main Office upon arrival at school and check-in using our Raptor school check-in system. This will require the visitor to provide a state issued identification, driver’s license or other acceptable official identification with a picture. Parents are invited to visit the school regularly and to be involved in all school activities. In order to ensure student safety and to preserve the integrity of the instructional day, visitors should not proceed beyond the office during school hours without authorization and without being checked in through the Raptor System. Student visitors from other locations will not be allowed to visit during instructional time or at functions after school. If, in the judgment of school administration, the visit is inappropriate, the visitor(s) will be asked to leave. We expect all visitors to act in a courteous and respectful manner.

Smoking Policy
Smoking is not permitted on school district property or at any school-sponsored event.

Inclement Weather and School Cancellations

School Cancellation Policy
Our school closing policy has one aim — to ensure the safety of your child. School may start two hours late; students may be released early; or classes may be canceled entirely due to inclement weather.
Please be familiar with the following information sources in the event of school cancellations, early release or late start.

**Communication Channels:**
North Kansas City Schools provides several ways for you to get the latest information on district school closings, including early release or a two-hour delayed start on days when weather looks hazardous:

1. **District Website:** [www.nkcschools.org](http://www.nkcschools.org) provides the first notification of school closings and other cancellations within minutes of a decision.
2. **School Messenger:** Phone, email and optional text messages are sent to school families when classes are canceled, delayed or students are released early.
3. **Social Media:** We will post information at facebook.com/NKCSchools and twitter.com/NKCSchools.
4. **Radio & TV:** Local stations share announcements on-air and on their websites.

**Two-Hour Delayed Start Option:**
NKC Schools has another option for inclement weather days to reduce the need for makeup days. The two-hour delayed start will be used for days when daylight and additional time to treat roads mean safe passage is possible for students.

Essentially, the school day will begin two hours later. On a two-hour delayed start day, all buses will pick up students two hours later than the regular pickup times, but the drop-off times will NOT change. All schools will end their day at the regular end time with one exception. On Thursdays, high schools, middle schools and elementary schools observe an early release schedule. If the district activates the two-hour delayed start, the early release would be canceled.

Alternate stops for buses will be in effect on two-hour delayed start days. Transportation Services communicates directly with all families affected by alternate stops.

**Early Release or Cancellation:**
- There will be no evening activities including Community Education classes. **Exceptions will be posted** on the district website at: [www.nkcschools.org](http://www.nkcschools.org)
- **District Athletes** should refer to the Inclement Weather Guidelines for Athletics, posted on the district website at: [www.nkcschools.org/winter-weather](http://www.nkcschools.org/winter-weather)
- **Adventure Club** will operate on snow days, but at their combined snow day sites. Hours of operation will be 7:15 a.m. to 6 p.m.

**Two-Hour Delayed Start:**
- When the district follows a two-hour delayed start, **Adventure Club** will be open at ALL SITES from 7:15 a.m. to 6 p.m.

**If school is OPEN on a wintry day:**
- Dress your child to protect against wind and cold.
- Buses may be a few minutes late. Please wait as we try to run every route.
- **Alternate bus stops** may be in effect due to road conditions. Bus riders on alternate routes are notified directly by Transportation Services via School Messenger. To see the current list of alternate bus stops, visit the district website at: [www.nkcschools.org](http://www.nkcschools.org)

We respect your decision to keep your child home when the weather is questionable.

**Recess during Extreme Temperatures**
Students should come prepared to go outside for recess. However, as a general guideline, if the temperature/wind chill is 25 degrees (or less), students may have a shortened outdoor recess period or recess...
will be held indoors. When the heat index is 95 degrees or greater, students may have a shortened outdoor recess period or recess will be held indoors.

School Age Child Care

Adventure Club
Adventure Club is a before and after-school childcare program offered through the Community Education department. Childcare is available from 6:45 a.m. to 6:00 p.m., Monday through Friday. Full and half-day care is provided on some teacher in-service days. Fall enrollment is in the spring, but children are accepted for the current school year on a space available basis. On Inclement Weather days when school is closed Adventure Club will operate at the combined Snow Day sites and will be open from 7:15am to 6:00 pm. For further information, including fees, please call the School Age Child Care office at 321-5017.

Student Accident Insurance

Accident Insurance
The school district has purchased a group accident insurance program covering all students, grades K-12. Students are covered by the accident policy while they are participating in school schedules; school supervised and school funded activities, during the regular school term. Students also are covered while they are traveling as a sponsored group in a school assigned car, bus or van operated by a licensed driver over the age of 21 to and from the school and to a covered event site. Individual travel is not covered by the policy. If students have other insurance coverage, a claim must be filed with that insurance source first. The district policy is designed to consider payment of eligible expenses not covered by other insurance sources. Questions regarding this policy should be addressed to L.E. Smith & Associates, Inc., PO Box 411216, St. Louis, MO 63141, or toll free 1-800-325-1350.

Enrollment Requirements

Requirements for Admission to School
Students must reside in the district, meet the age requirement, and have proper immunizations to enroll in school. Students entering kindergarten must be five by August 1, and first graders must be six by August 1 of the year they are entering the respective grade. A birth certificate from the state where the child was born is requested for proof of age.

The state requires the following immunizations:

<table>
<thead>
<tr>
<th>Immunization</th>
<th>State Requirement</th>
</tr>
</thead>
<tbody>
<tr>
<td>DTaP/DTP/DT/Td</td>
<td>4 doses, with the last one on or after the fourth birthday</td>
</tr>
<tr>
<td>Polio</td>
<td>3 doses, with the last one on or after the fourth birthday</td>
</tr>
<tr>
<td>Measles, Mumps, Rubella (MMR)</td>
<td>2 doses, one on or after the first birthday, second dose at least four weeks from first dose.</td>
</tr>
<tr>
<td>Hepatitis B</td>
<td>3 doses, given at ACIP recommended intervals</td>
</tr>
<tr>
<td>Varicella</td>
<td>2 doses, one on or after the first birthday, second dose at least four weeks from first dose, or verification signed by an MD or DO that the child has had the disease</td>
</tr>
</tbody>
</table>

Per state law, students are not permitted to enroll or attend until they are in compliance with immunizations, properly exempted, or current with an “in progress” schedule.
**Student Health Examinations**
It is recommended that students receive a thorough medical and dental examination before they enter school. Subsequent examinations should be received as often as indicated by the physician and/or dentist.

**District Transportation**

**Free Transportation**
Transportation is provided free for students living more than one mile from their attendance center. In addition, transportation for students residing less than one mile from school is available only in areas that the Board has determined to be unreasonably hazardous.

**Paid Transportation**
Paid transportation is available on scheduled routes on a “space-available” basis for students residing less than one mile from school. Bus routes cannot be altered for paid riders. Application for paid transportation must be submitted each year. Paid transportation forms are available at the school or on the district website.

**Routing**
The Transportation Routing Department works diligently to provide the closest and safest bus stop for every student designated as a bus rider, utilizing NHTSA guidelines.

- State regulations discourage the routing of school buses into dead-end streets and cul-de-sacs.
- Scheduled bus stop times are provided as a guide. Actual stop time may be up to five minutes earlier or later than the scheduled time under normal driving conditions. During inclement weather, the bus may be further delayed.
- Should a student’s mode of transportation to and from school change, the parent should inform the school in writing.
- Only students enrolled in North Kansas City Schools, who are bus eligible, may ride the district buses. The district is not licensed by the state to transport adults. Parents may ride on district buses only while acting as chaperones on activity trips.
- For more information about bus schedules and routes, contact your school or Transportation Services at (816) 321-5007.

**Special Education Routing**
Every student with a Special Education requirement will be routed and transported appropriately, in strict compliance to their IEP or 504. Door to Door, Curb to Curb, and SLAB (Safest Location Assessable by Bus) bus stop locations will be approved by Transportation, as defined by NHTSA guidelines, prior to routing being completed.

Definitions for Door to Door and Curb to Curb:

- Door-to-door services would indicate that district personnel will be accompanying the child in the mornings from the door of home onto the bus and then to the door of the school. In the afternoons, district personnel would accompany the child from the door of the school onto the bus and then to the door of the home in the afternoon. Door to door should rarely be used except in extreme cases where district personnel are required to assist the student from the school on to the bus and from the bus stop to door of the home-in conjunction with an appointed adult.

- Curb-to-curb indicates that district personnel are not required to walk the student to the door, but will deliver the student at the curb of the students’ home or alternate address—if address is not assessable by a bus, alternate transportation will be arranged. The student may transition from the bus to the door of the home or school without additional assistance from district personnel, but is
required to have an approved adult present at the door of the bus at pick up and drop off, unless otherwise denoted in their IEP or 504.

**Assigned Bus Stops**
Each student is assigned a designated bus stop. Students are permitted to ride a different route only after a “Request for Alternate Transportation” form has been submitted and approved, this form can be found at the school or on the district website. When an alternate route request is approved, service on the original route is discontinued. This alternate route would now be the student’s permanent route on all school days—the student will not be able to ride the “original route” unless the alternate route is discontinued or altered.

On rare occasions, parents request that their children be permitted to board or disembark the school bus at some place other than their designated stop. The school district policy and Missouri state law for these special situations is as follows:

1. These exceptions will be made only for students who are already authorized transportation. Students who are not authorized riders cannot be transported.
2. Written permission from the student’s parent or guardian must be received and approved by the building principal—the student will be given a signed “Transportation Bus Pass” to present to the Driver upon boarding the bus.
3. The stop requested must be a designated stop on an existing route.
4. If the request involves the students’ riding another bus, the request will be granted only if there is adequate room for the additional rider.
5. Special requests will be approved only for emergency childcare purposes. Permission will not be granted for transportation to jobs, scouts, parties, etc.

**Walking Distances**
School bus routes are designed to comply with guidelines established by the Missouri Department of Elementary and Secondary Education. Walking distances to bus stops are based on one block being equal to one-tenth of a mile, or 528 feet. Students walk to central pickup locations.

We observe the following guidelines for walk distance to a bus stop:

- Elementary students (K-5), not more than three blocks.
- Middle School students (6-8), not more than four blocks.
- High School students (9-12), not more than five blocks.

**Bus Regulations**
The Missouri Department of Elementary and Secondary Education and North Kansas City Schools use the following rules:

1. The Bus Driver shall be in charge of all passengers at all times and shall have authority to assign seats. Students shall not stand in the traveled portion of the roadway while waiting for the bus.
2. Students should conduct themselves in a safe manner while waiting for the bus, away from the traveled portion of the roadway.
3. When it is necessary for students to cross the street, board or disembark the bus, they must cross a minimum of ten feet in front of the bus on the signal of the driver, NEVER behind the bus.
4. Students shall remain seated, facing the front of the bus. No portion of their body should be extended in the aisle or out of the bus window.
5. The following items are not permitted on the bus: tobacco products of any type, alcohol, drugs, any illegal or controlled substance, weapons of any type, including guns, knives or gun or knife look-alikes, any object that may harm another student, explosive devices, fireworks, matches, lighters, animals or insects of any type.
6. Students shall not throw items inside the bus, or out of the bus windows.
7. The aisles and exits shall be clear at all times. Students may not open or close any door except in an emergency.
8. Vandalizing the bus or any of its equipment is prohibited and restitution may be required to repair/replace said vandalism.
9. Students may not eat or drink on the bus.
10. Items too large to be held safely while students remain seated may be stored in a designated area. If that cannot be done safely, the student must make other arrangements for transporting these items. Many large instruments are not transportable on the bus, please see your school’s instrument teacher, or click here for a complete list.
11. Electronic devices are to be used in a courteous, responsible, and appropriate fashion; when listening to any of these devices, the student MUST have earbuds or headphones. If these electronic devices cause any type of disruption or distraction, they may be taken by the bus driver/aide for the duration of their bus ride, but will be returned at the students stop.

**Bus Behavior**

Transportation is provided free for students living more than one mile from their attendance center. No student is required to ride the school bus in order to attend school. Riding the bus is a privilege, which is earned by obeying safety and behavior rules. Our first concern is safety. We provide supervision during the loading and unloading of buses and while students are on the buses, this is limited to some degree as drivers must be watchful of traffic and road conditions. While driving, a bus driver must rely on the cooperation of students in order to maintain a safe and orderly bus. Thus, we depend on our students to practice responsible self-discipline while riding the buses. Each student is expected to conform to a reasonable standard of conduct that will not jeopardize fellow students, the driver, or the equipment. If a student chooses to misbehave or disobey bus rules, appropriate consequences will be administered which may include suspension of Transportation Services.

**Bus Expectations (The Basics)**

1. Students are expected to be at the bus stop five (5) minutes prior to the scheduled bus stop time.
2. Every Middle and Elementary School student will be assigned a seat on the bus, that seat will be noted on a seating chart. All seating charts are filed electronically for the Administrator’s reference. Changing seating arrangements are the driver’s prerogative, dependent upon behavior and the best/safest location for a given student. Students are expected to stay in their assigned seat, sitting properly, for the duration of the ride.
3. Every student will be expected to talk in a classroom voice while riding the bus.
4. Every student will be expected to keep their hands and feet to themselves.
5. As every bus is an extension of the classroom, any behavior or action that is not permissible in class or school, also will not be permissible on the bus.
6. Every Elementary School student must have an ID tag and we encourage having a Zpass card (Opt-out form on Transportation page of District Web site) while riding the bus. If a student has a Zpass card, they are expected to scan their card, getting on and off the bus—for their safety and protection.

Note: The Zpass card creates an electronic record of when the student enters and exits the bus. If a student loses either of these two items or changes backpacks—please have them report to the school office for replacements.

**Bus Disciplinary Procedures**

Students, parents, bus drivers and administrators must work together to ensure that North Kansas City Schools provides safe, timely and efficient student transportation. As each student is expected to conform to a reasonable standard of conduct, should a student choose to misbehave or to jeopardize the general welfare of those on the bus, the following procedures may be followed.
1. Every effort will be made by the Driver to improve disruptive and/or unsafe behavior prior to writing a bus discipline referral. The driver/aide will exhaust three specific redirected steps, denoted on the Bus Discipline referral form.

2. Upon the next occurrence of disruptive and/or unsafe behavior, the Driver will write a “Bus discipline Referral” for the student(s) involved, to be delivered to Transportation Administrator and the Building Administrator. The Building Administrator will determine what disciplinary action should be taken. Copies of the referral will be sent to the parents for their signature and to Transportation Services;

3. If the unsafe behavior continues, a second referral may be issued. The Building Administrator may request a conference with the student and/or parent to begin the investigation. Should additional referrals be issued, and the Administrator has completed a thorough investigation and processing of prior referrals, the next Administrative action may result in, but not be limited to, suspension of bus riding privileges in the following discretionary sequence:

   (a) The third referral—ONE-day suspension*
   (b) The fourth referral—THREE-day suspension*
   (c) The fifth referral—TEN-day suspension*
   (d) If after a series of suspensions and the disruptive, inappropriate, or unsafe behavior continues—bus riding privileges may be terminated for the remainder of the school year.

*Upon returning from any bus suspension, the administrator may require a conference with the student, parent, and Transportation Administration as a part of the conditions for restoring transportation privileges.”

Severe student behavior that endangers the health and safety of other passengers or the Driver will be deemed a “serious offense” and may result in an immediate suspension of bus riding privileges. In this case, the Building Administrator will notify the students’ parents when an immediate suspension is necessary by phone and/or referral response.

   **Note:** If any bus suspension is deemed necessary, it is the responsibility of the parent or guardian to ensure that the student is in attendance at school.

**Harassment on the School Bus**
Each child should experience a safe ride to school free from threats or intimidation. Sexual comments, gestures, or actions by students to other students will be considered sexual harassment and a violation of district policy. Racial/ethnic harassment is a violation of district policy. Harassment of any kind will not be tolerated. Confirmed violations will be referred to a Building Administrator for action. Your child should enjoy safety and respect in school and on the bus. You can help by reminding your child about appropriate behavior. If your child is experiencing harassment, please have them report it to the bus driver, school administrator, and/or Transportation.

**Bus Cameras**
In an effort to maintain order and discipline, buses are equipped with video and audio surveillance systems. Due to confidentiality, parents will not be allowed to view the video without prior approval from the Superintendent and signed waivers from all students’ parents within view.

**Damaged, Lost or Stolen Items**
Reasonable efforts will be made to remind students to secure and gather belongings while on the school bus during the off-loading process, however the District is not responsible for damaged, lost or stolen items brought onto the bus.
**Vandalism**

Vandalism on the bus, if severe, may result in monetary restitution payable back to the district. Video and pictorial evidence will be supplied to support the allegation.

**Special Services**

Transportation service is available for students with disabilities. For information, call the Department of Pupil Services at 321-3848.

**Student Safety**

**Safe and Respectful Schools**

We believe that our number one priority, safe and respectful schools, is a prerequisite for learning. Thorough supervision of hallways, lunchroom, and outside grounds before and after school is important in keeping our school safe and respectful. To help ensure a safe environment, all doors will be locked from the outside except for the front foyer.

**Urgent Communication**

If events at school require urgent communication home to families, please know NKC Schools will always do its best to be as timely as possible. The speed of texting and social media often means news breaks quickly, not allowing the district an opportunity to inform families and staff before local media has it online or on TV. Our first priority is always to ensure students and staff are safe. Once we know the people in our buildings are okay, our next priority is informing families of the situation as we know it, and that all is well.

We often work in partnership with local law enforcement in these types of situations. When law enforcement is involved, the district follows their lead and releases information at their direction. We will always share as much information as we can, as quickly as we can. However, at times this is not always possible. Ideally the first details families receive would come from the school and/or district, but our need to provide accurate information often means Facebook, Twitter, local media and text messages will be sharing the news before district communications has gone out. Thank you for understanding any perceived delay in notifying families as we work through our processes and procedures.

**Emergency/Crisis Plan**

Each district site has an Emergency/Crisis Plan in place to address specific emergencies. To facilitate preparedness students will participate in various drills throughout the school year.

**Tornado Safety**

When the National Weather Service issues a **Tornado Warning** that affects NKC Schools, sites included in the warning will take appropriate measures to shelter students, staff and visitors. How and where students are sheltered may vary from site to site due to differences in building configurations. If a Tornado Warning occurs during a release time, students and their bus drivers will remain in the school until the warning has been lifted and an "all clear" has been given by the Superintendent or his designee. Parents, waiting in cars to pick up their children when warning sirens are activated, will be encouraged to seek safe shelter inside the school building.

**Earthquake Safety**

Information regarding earthquake safety procedures may be found by following the link: [http://sema.dps.mo.gov/docs/earthquake/Schools.pdf](http://sema.dps.mo.gov/docs/earthquake/Schools.pdf)
RE: Asbestos Hazard Emergency Response Act

In 1986, the United States Congress passed the Asbestos Hazard Emergency Response Act (AHERA), which required the U. S. Environmental Protection Agency (EPA) to establish Federal regulations that safeguard our Nation’s school children and employees from asbestos exposure in school buildings. The initial inspection of buildings in North Kansas City Schools was completed in 1988 by accredited asbestos inspectors. Based on the results of this inspection, an Asbestos Management Plan was written for each building owned or leased by North Kansas City Schools. A master copy of the Asbestos Management Plan is available at the main Administrative Center, 2000 NE 46th Street, Kansas City, Missouri and an individual copy specific to the building is available at each respective building. Mr. Mark Graviett, Assistant Director of Project Management, is the district’s designated Asbestos Program Manager. For information or inquiries please email Mark Graviett, mark.graviett@nkcschools.org.

AHERA regulations also require these buildings to be re-inspected every three years. The latest re-inspection was completed in August 2013. A master copy of these re-inspections is available at the main Administrative Center, 2000 NE 46th Street, Kansas City, Missouri and an individual copy specific to the building is available at each respective building.

Please be assured that the district will continue to take whatever steps necessary to ensure a safe environment for its students, staff and visitors.
**Who May Pick Up Students from School**
The school will not allow students to leave with someone other than a parent unless directed to do so by a parent. In the event that a biological parent has had his/her rights restricted by a court, such documentation must be on file in the school office. Parents are responsible for keeping the office informed of any changes in addresses, phone number, emergency contact information, or court orders throughout the school year. The school may require the person who is picking up a student to show valid photo identification.

**Change in Mode of Transportation**
Should a student’s mode of transportation to and from school change, the parent must inform the school in writing.

**Drug Free Schools**
The North Kansas City School District is concerned with the health, welfare and safety of its students. Therefore, use, sale, transfer, distribution, possession or being under the influence of unauthorized prescription drugs, alcohol, narcotic substances, unauthorized inhalants, controlled substances, illegal drugs, counterfeit substances and imitation controlled substances is prohibited on any district property, in any district-owned vehicle or in any other district-approved vehicle used to transport students to and from school or district activities. This prohibition also applies to any district-sponsored or district-approved activity, event or function, such as a field trip or athletic event, where students are under the supervision of the school district. The use, sale, transfer or possession of drug-related paraphernalia is also prohibited. For further information, please refer to school district policies and regulations by following the link: https://simbli.eboardsolutions.com/ePolicy/Policy.aspx?S=110&Sch=110&PC=JFCH&Z=P&revNo=1.01&srch=drug&kttype=Exact&encu=x9jwuOEqegNJP1IMR8zErl2Eu9hM2yurtrPs7R4uW0HCbyslshKrreadvE9AuJLplusFmKOFK6wvKeQw3K1GyvU0kSMLZ9O86XGiYdcdMTkWtlQEF0oWlwlfE2gjjijSumLSCFSsldxXISlshY3QrQMrWmKReG5IBDEWsvlplusg5ig=

**Drug Detection Dog**
North Kansas City Schools will work in conjunction with local law enforcement agencies to employ the use of drug detection dog periodically throughout the school year. The purpose of the district’s efforts is to create a zone around our schools that is free from the menace of drugs and at the same time respectful of the privacy of our students. The scope of the operation is:

- There will be no prior notice to the students of the visit of the drug detection dog.
- The building will be subject to periodic rechecks throughout the school year at the discretion of the administration and local law enforcement.
- The drug detection dog will be used to sniff classrooms, unattended objects, and unoccupied areas of the building or campus.
- At no time will the dog be intentionally used to physically sniff students. The presence of the dog around students will be minimized as much as possible.
- Only certified narcotic canines will be utilized.

**Safe Schools Act – Acts of Violence**

**What is an Act of School Violence?**
The use of physical force is considered an act of school violence if it occurs on school property, including a school bus in service on behalf of the district, or while involved in school activities. An act of school violence is the exertion of physical force by a student with the intent to do physical injury to another person that creates a substantial risk of death or that causes disfigurement or protracted loss or impairment of the function of any part of the body.
Reporting Acts of Violence
School district administrators are required to report acts of school violence to teachers and other school employees who have direct responsibility for the child’s education or who interact with the student on a professional basis within the scope of their assigned duties.

Reporting to Law Enforcement Officials
School administrators are required to report to law enforcement officials, as soon as reasonably practical, any felony or other serious criminal act committed on school property, including but not limited to such acts committed on any school bus in service on behalf of the district or while involved in school activities.

Removal of Students
District administrators may immediately remove students posing a threat to themselves or others. Prior disciplinary action may not be the sole basis for such removal. Removal of a student with a disability is subject to state and federal procedural rights.

Administrator Rights
The administration retains the right and privilege to issue penalties for acts of discipline not specifically stated herein and to alter any penalties as he/she considers necessary. Furthermore, the administration reserves the right to amend any provision in this handbook, which he/she deems to be in the best interest of the education process.

Weapons in School
The Board of Education recognizes the importance of preserving a safe educational environment for students, employees and patrons of the district. In order to maintain the safety of the educational community, the district will strictly enforce the necessary disciplinary consequences resulting from the use or possession of weapons on school property, buses or school activities. No student may possess a weapon on school property at any time, except as specifically authorized during a school-sponsored or school-sanctioned activity permitting weapons. School property is defined as: Property utilized, supervised, rented, leased, or controlled by the school district including but not limited to school playgrounds, parking lots and school buses, and any property on which any school activity takes place.

4. All knives and any other instrument or device used or designed to be used to threaten or assault, whether for attack or defense.
5. Any object designed to look like or imitate a device as described in 1-4.

Mandatory Discipline for Weapons Violation
In accordance to current law, any student who brings or possesses a weapon as defined in #1 or #2 above on school property will be suspended from school for at least one (1) calendar year or expelled and will be referred to the appropriate legal authorities. The suspension or expulsion may be modified on a case-by-case basis upon recommendation by the superintendent to the Board of Education. Students who bring or possess weapons as defined in #3, #4, and #5 and not otherwise included in #1 and #2, will also be subject to suspension and/or expulsion from school and may be referred to the appropriate legal authorities.
**Bullying/Cyberbullying**

Bullying/Cyberbullying are defined in and prohibited by Board Policy JFCF. It is crucial that any act/s of bullying be reported to the building administration immediately.

**Hazing**

For purposes of this policy, hazing is defined as any willful activity, on or off school grounds, that recklessly, intentionally, or knowingly endangers the mental or physical health or safety of a student for the purposes of initiation or admission into or continued membership in any student organization. Hazing also includes activities that put another in a ridiculous, humiliating, or disconcerting position. Hazing occurs even when all students involved are willing participants.

North Kansas City Schools prohibits any form of hazing, including but not limited to initiation rituals and harassment. In North Kansas City Schools, hazing is unacceptable conduct and can result in disciplinary action. Disciplinary action may include, but is not limited to, a student’s suspension or expulsion from school or the termination of an employee’s employment with the District. No student, coach, teacher, sponsor, volunteer, nor district employee shall plan, direct, encourage, assist, engage, or participate in any hazing activity. Administrators, coaches, teachers, sponsors, volunteers, and district employees shall not permit, condone, or tolerate any form of hazing. Students who have been subjected to hazing are instructed to promptly report such incidents to a school official.

**Hazing Complaint Procedure**

When a student has been or believes that he/she has been subjected to a hazing incident, the student shall promptly report the incident, orally or in writing, to the building principal or his/her designee.

The principal or his/her designee shall conduct a timely and thorough investigation of the alleged hazing incident. The principal or his/her designee shall prepare a written report summarizing the investigation and recommending disposition of the complaint.

If the investigation results in a substantiated finding of hazing, the principal or his/her designee shall impose appropriate disciplinary action, as circumstances warrant, in accordance with other school policies. Additionally, a student found to have engaged in hazing may be subject to disciplinary action by an administrator, coach, teacher, or sponsor of any activity up to and including removal from any or all activities.

**Recklessly Endangering Mental Health**

Recklessly endangering the mental health of a student includes those actions that subject a student to extreme mental stress, including, but not limited to, sleep deprivation, physical confinement, forced conduct which could result in extreme embarrassment, or any other extreme stress-inducing activity.

**Recklessly Endangering Physical Health or Safety**

Recklessly endangering the physical health or safety of a student includes, but is not limited to, acts of physical brutality, whipping, beating, branding, exposing to the elements, forced consumption of any food, liquor, drug, or other substance; forced smoking or chewing of tobacco products; or any other forced physical activity that could adversely affect the physical health or safety of an individual.

**Delegation of Responsibility**

District administrators shall promptly investigate all complaints of hazing and shall administer appropriate discipline to all individuals who violate this policy. Students, administrators, coaches, teachers, sponsors, volunteers, and district employees shall be alert to incidents of hazing and shall report such conduct to the
building principal or his/her designee. Annually, the District shall inform students, parents, coaches, teachers, sponsors, volunteers, and district staff that hazing of district students is prohibited and may inform such persons by means of: (1) distribution of a written policy, (2) publication in handbooks, (3) presentations at assemblies, (4) verbal instructions by the coach or sponsor at the start of the season or program, and/or (5) posting of notices and/or signs.

Student Behavior and Accountability

**Principles of Behavior**
- Students will be respectful and courteous.
- Students will be prepared for class.
- Students will treat others as they wish to be treated.
- Students will try their best at all times.

**School Regulations/ School Expectations**
The primary objective of requiring appropriate student behavior and self-discipline is to produce a positive and safe learning atmosphere. All students will assume personal responsibility for their behavior and actions, develop appropriate self-control, exhibit self-discipline, and accept the responsibility and consequences of any inappropriate behavior. To accomplish this objective requires a cooperative effort from students, staff and parents. Expectations are:

**Student Conduct Associated with the School Day, School Transportation, and School Activities**
The school district believes in a proactive approach to student safety and well-being involving the parents and all associated with the activities of the school day and school events. Students are responsible for following school rules and regulations anytime students are involved in activities associated with the school. This includes, from the time students leave their home, throughout the school day, until they arrive at home after the school day or school activities. This student responsibility applies to any school district property, school field trips, school sponsored activities, walking to and from school or when participating in school transportation. School transportation includes between home and the bus stop, while at the bus stop and when riding on the school bus.

**Student Conduct**
North Kansas City Schools considers unacceptable, any conduct which is prejudicial to good order and discipline in the schools or which tends to impair the morale or good conduct of students. As the result of such conduct, students may be subjected to more severe disciplinary action, including suspension or expulsion from school and/or school activities. This applies to conduct in all school buildings on or about school grounds, at all school activities, or activities involving North Kansas City Schools, or in any vehicle when that vehicle is used to transport students for the school district. This extends to conduct that aids, abets, counsels, procures or causes any act, deemed unacceptable. This also extends to conduct which assists an offender in preventing the student’s punishment.

For further information, please refer to district policies and regulations at [https://simbli.eboardsolutions.com/ePolicy/Policy.aspx?S=110&Sch=110&PC=JG&Z=P&revNo=1.11&srch=discipline&ktype=Exact&encu=xa9jwu0EeqNJP1IMR8zEr12Eu9hM2yurtmPs7R4uWoEOBfqvmzKiojslshU52slsh2slshM9V88NmFERgWZD1XMr6PrRtp0dx6SsTSXndb7tillrko1wzn6rdLcQke5sLVn2IdTvgoVYqz4ge1eav7VKk29wIOxwcsIshd1zlplvKkulgplusPmMH8xmVM5qoceU72pla0JZ](https://simbli.eboardsolutions.com/ePolicy/Policy.aspx?S=110&Sch=110&PC=JG&Z=P&revNo=1.11&srch=discipline&ktype=Exact&encu=xa9jwu0EeqNJP1IMR8zEr12Eu9hM2yurtmPs7R4uWoEOBfqvmzKiojslshU52slsh2slshM9V88NmFERgWZD1XMr6PrRtp0dx6SsTSXndb7tillrko1wzn6rdLcQke5sLVn2IdTvgoVYqz4ge1eav7VKk29wIOxwcsIshd1zlplvKkulgplusPmMH8xmVM5qoceU72pla0JZ)
Discipline Policy
The safety and well-being of our students and staff are paramount. North Kansas City Schools Board of Education supports the development of effective programs that change behavior so students leave with skills that allow them to function successfully. A safe and respectful learning environment is accomplished by working together. This means:
1. Commitment from home and school to hold students responsible for their behavior.
2. Comprehensive staff development programs that promote excellent teaching and effective classroom management.
3. Provision of a comprehensive series of support programs that recognize the diverse strengths and learning styles of students.

Student Discipline Responsibility
North Kansas City Schools Board of Education has the legal authority to make all needed policies, rules and regulations for organizing and governing the school district. This includes the power to suspend or expel a student for conduct, which is prejudicial to good order and discipline in the schools or impairs the morale or good conduct of the students. These policies, rules and regulations will apply to all students in attendance in the district instructional and support programs, as well as school-sponsored activities and events. Students who have been charged, convicted, or pleaded guilty in a court of general jurisdiction for commission of a felony may be suspended in accordance with law.

The Board of Education assigns the responsibility to the Superintendent (or designee) to work with the district’s professional staff in the implementation of this policy and the preparation of related rules and regulations. Building principals are responsible for the development of rules and regulations regarding student conduct needed to maintain proper behavior in schools under their supervision. In addition, teachers shall have the authority to make and enforce necessary rules for the internal governance in the classroom, subject to review by the building principal. The Board expects each teacher to maintain a satisfactory standard of conduct in the classroom.

All employees of the North Kansas City Schools shall annually receive instruction related to the specific contents of the district’s discipline policy in the course of their duties. The training includes, but is not limited to, approved methods of dealing with acts of school violence, disciplining students with disabilities, and instruction in the necessity and requirements for confidentiality.

Corporal Punishment
Corporal punishment shall not be used in the North Kansas City Schools. A staff member may, however, use reasonable physical force against a student without notice to the principal, if it is essential for self-defense, the preservation of order, or for the protection of other persons or the property of the school district.

In-School Suspension
Detention or an in-school suspension program provides principals with additional alternatives for dealing with disciplinary problems. The principal, or principal’s designee, will determine the time and length of the detention or in-school suspension.

Student Suspension and Expulsion
North Kansas City Schools Board of Education believes that the right of a child to attend free public schools carries with it the responsibility of the child to attend school regularly and to comply with the school district’s lawful policies, regulations, and rules. This observance of school policies, rules and regulations is essential for permitting all students to learn at school.
Therefore, the administrative prerogative to exclude a student from school because of willful violation of school rules and regulations, willful conduct which materially or substantially disrupts the rights of others to an education, or willful conduct which endangers the student, other students, or the property of the school, is permitted, provided such action is taken in accordance with due process and with due regard for the welfare of both the student and the school.

The term “suspension” refers to an expulsion from school that will not exceed a specific period of time. The term “expulsion” refers to exclusion for an indefinite period.

**Suspensions for More than 180 Days and Expulsions**

Where suspension for a period greater than 180 school days, or expulsion is recommended or required by Board policy, the student and the student’s parents or others having custodial care of the student shall be notified orally and in writing stating the nature of charges and the action proposed to be taken. The Board, or the committee of the Board, shall have a hearing on the charges preferred.

The student and student’s parents, or others having custodial care of the student, shall be provided notice of the hearing, and shall be notified in writing of the time and place of the Board hearing. If, in the judgment of the Superintendent, the student’s presence poses a continuing danger to persons or property, or an ongoing threat of disrupting the academic process, the superintendent may temporarily suspend the student for a period not to exceed 10 days or until a hearing is held, whichever comes first.

At any requested or required hearing before the Board the student and the student’s parents or others having custodial care of the student may be represented by counsel and will have the opportunity to examine witnesses and present evidence on their own behalf. The president of the Board may appoint a committee of board members to hear such matters with full authority to act for the Board. At any hearing before the Board, as set forth in this policy, the Board may consider the student’s record of past disciplinary actions, criminal court records or juvenile court records consistent with the law, or the actions of the student which would constitute a criminal offense.

The Board will make a good faith effort to have the student’s parents or others having custodial care present at any requested or required hearing before the Board.

**Remedial Conference**

Prior to the readmission or enrollment of any student who has been suspended out of school or expelled in accordance with this policy, a conference must be held to review the student’s conduct that resulted in the suspension or expulsion and any remedial actions needed to prevent future occurrences of such conduct or related conduct. The conference shall include the appropriate school officials including any teacher directly involved with the conduct that resulted in the suspension or expulsion of the student, and the parent or guardian of the student or any agency having legal jurisdiction, care, custody or control of the student. The Board of Education shall notify, in writing, the parents or guardians and all other parties of the time, place and agenda of any such conference. Failure of any party to attend this conference shall not preclude holding the conference.

**Juveniles and the Law**

The state of Missouri has made safety of children and the school environment a priority in every Missouri school district through House Bill 174 (HB 174). The bill contains stricter provisions for prosecution of children as adults, making juvenile court records available to schools, and tax/credit support for juvenile crime prevention measures in communities and schools.
Children with Disabilities
The Individuals with Disabilities Education Act 2001 provides specific disciplinary actions for the change in a student’s placement or removal of students with disabilities who violate the Safe Schools Act – including 10-day and 45-day suspensions.

Student Health

General Health Guidelines
Attendance is very important and every effort needs to be made to have your child in school each day. We understand that sometimes an illness will occur that will cause your child to be absent. Please follow the guidelines below when determining whether to keep your child at home.

1. Keep all children home for a full 24 hours after symptoms of illness have subsided. Children must be fever free for 24 hours without medication before returning to school.
2. If your child has a temperature of 100.4 degrees or above, vomits, or has diarrhea during the evening or at night, please do not send him/her to school. Even if the child says that he/she feels better, it has been our experience that the symptoms usually return and the child needs to go home.

School Nurse and Health Room
We are making a special effort to help students establish good health habits and stay healthy. The success of our efforts, however, depends on parental follow-through at home. Students should not come to school when they are ill or when they have an elevated temperature or a suspected contagious condition. This is for their protection as well as for others in the classroom. A registered nurse, licensed practical nurse, or a health room clerk are on duty daily in the health room.

The nurse duties include:
- Providing first aid and assistance in case of an injury.
- Providing nurse’s assessments for students who experience symptoms of illness.
- Conducting regular vision screenings.
- Formulating individual health plans for students with special medical needs.
- Keeping student medical records and verifying compliance with state immunization requirements.
- Supervising the taking of medication as authorized by a parent or guardian under the provisions stated below.

In the absence of the nurse the health room clerk may provide first aid, assistance in case of an emergency and supervise the taking of oral medication as authorized by a parent or guardian.

Screenings
School nurses will provide vision screenings for students in grades K, 1, and 3. Color vision screenings are given to all first grade students. Speech-Language Pathologists conduct hearing screenings. Students new to the district will receive hearing, vision, and color vision screening. Parents will be notified if a problem is detected. A registered hygienist from Clay County Health Department conducts dental inspections for students PreK-5 at some building locations.

School Health Records
Health records are an important part of your child’s permanent school records. Informing the school when your child has had a serious illness, accident, operation or contagious disease can help in meeting any special physical or emotional need after your child returns to school.

Medication Guidelines
When possible, we encourage medication be administered at home using a schedule that will not require doses during school hours. However, a child’s health care provider may deem it necessary for medication to be
taken during the school hours.

All prescribed medication must be accompanied by written permission from a licensed physician or nurse practitioner and written permission from the parent to follow the physician or nurse practitioner’s orders. A medication authorization form may be found in the back of the handbook. All prescription medication must be in the original container with the prescription label for that student. Expired medications cannot be accepted.

Medication should never be sent with students on the bus. Parents should give medication to the nurse or office clerk in the health room, and then pick up any remaining medication when the illness is concluded.

Any over-the-counter/non-prescribed medication must be brought to school in the original container labeled with the child’s name and accompanied by written permission from the parent to give the medication. Only the instructions on the container will be followed unless the physician or nurse practitioner provides alternative written orders. If a question arises, the school nurse will have the right to refuse administration of the medication until further clarification is received and documented from the physician or nurse practitioner.

Any change in the time or dosage of the medication must be accompanied by a written request from the physician and parent.

It is the student’s responsibility to come to the health room for assistance in taking medication.

Students Staying Inside from Recess or Excused from PE
Parents may request that their child be permitted to remain inside during recess or excused from gym class following a recent illness or injury for up to three days. If it is necessary for the student to be excluded for longer than three days, a note from your child’s physician will be required. A note from a doctor limiting physical activity will apply to both PE and recess.

Benadryl and Epi-Pens for Emergency Allergic Reactions
The North Kansas City School District is now supplying school health rooms with Benadryl and Epi-Pens to be given at the discretion of the school nurse to children experiencing a sudden onset of a previously unknown, emergency allergic reaction.

Parental authorization is required in order for the nurse to administer the Benadryl and/or an Epi-Pen in an emergency situation. Please mark “Yes” or “No” on the back page of the health form (or also found at the bottom of the Health Form when enrolling online) and provide a parent/guardian signature and return it to your school nurse. The Benadryl and Epi-Pens supplied by the district is only for children with unknown allergies who are experiencing a life threatening allergic reaction. It is intended only as a first response to the reaction and possible anaphylaxis. Parents would still be notified, and would be expected to pick their student up from school for further medical evaluation. Please note that parents of children with known allergies and who have physician orders for Benadryl and/or Epi-Pens at school will still need to supply their child’s Benadryl and Epi-Pens. Also note that the Benadryl may contain red food dye.
BENADRYL FOR EMERGENCY ALLERGIC REACTIONS

TO: Families of NKC Schools
FROM: North Kansas City Schools Health Services Department

North Kansas City Schools Board Policy JHCD has been changed to allow school nurses to dispense Benadryl and Epi-Pens to students experiencing an emergency allergic reaction. The District is now supplying school health rooms with Benadryl and Epi-Pens to be given at the discretion of the school nurse to children experiencing a sudden onset of severe allergic reaction. A physician with Children’s Mercy Hospital provided guidance for this change in policy.

Please note that the Benadryl and Epi-Pens supplied by the district are only for children with unknown allergies who are experiencing a life-threatening allergic reaction. It is intended only as a first response to the reaction. Parents would still be notified of the reaction and would be expected to pick their student up from school for further medical evaluation.

Please note also, parents of children with known allergies and who have physician orders for Benadryl and/or Epi-pens at school, will still need to supply their child’s Benadryl and Epi-Pens.

As an additional note, the Benadryl is cherry flavored and contains red food dye.

Thank you for ensuring that we have an official record on file, so we will know whether or not we may give your child Benadryl and an Epi-Pen in an emergency allergic reaction situation. If you have any questions, your school nurse would be happy to answer them.
**Criteria for Being Sent Home/Emergencies**

In case of an accident or illness at school, parents will be contacted. Current phone numbers for home and work for both parents are very important. Names and telephone numbers of relatives and/or friends who can assume temporary responsibility for your child until a parent can be reached need to be provided to the school. No seriously ill or injured child will be sent home alone. The telephone number of your child’s doctor and dentist are necessary in case of an emergency when a family member cannot be reached and immediate instructions are needed.

Parents will be notified to pick up their child in the event of illness or serious injury. General criteria for sending an ill child home will be a temperature of 100.4 degrees, vomiting, diarrhea, severe coughing, and suspicion of a communicable disease or the inability to participate in normal classroom activity. Students may not return to school until symptom free for 24 hours, without medication.

The school nurse cannot assume the responsibility for any emergency treatment beyond first aid. The nurse is not permitted to diagnose and cannot be expected to treat an illness or injury that occurred away from school. A child who is ill (ex: fever, severe cold, vomiting, diarrhea) should be kept home.

**Communicable Diseases**

The North Kansas City School District School Board recognizes its responsibility to protect the health of students and employees from the risks posed by communicable diseases. The Board also has a responsibility to protect individual privacy, educate all students regardless of medical condition and treat students and employees in a nondiscriminatory manner.

It is important that the school be notified if your child develops one of the following diseases:

Food and Nutrition Services

Breakfast and lunch is available to all students and staff. Prices for the current school year may be found on the monthly menu on the District’s website. Lunch times will depend on each student’s schedule. Students who are eligible for free or reduced-priced lunch are also eligible for free or reduced-priced breakfast. Free/reduced-priced meal applications need to be turned in to the school before school starts and a new application must be submitted each year. You are responsible for paying for all meals until your application has been approved. Applications may be obtained during enrollment, at the Main School Office or completed online on the District’s website at http://www.schoolnutritionandfitness.com/index.php?sid=0306152235285801&page=lunchapps

Students should bring their lunch money in an envelope marked with their first and last name, teacher’s name, ID# and room number. If paying for more than one child per check, write each ID# and students’ names on the check and indicate how the money should be distributed. Please make checks payable to the SCHOOL and add FNS to indicate Food and Nutrition Services (for example, Clardy-FNS, Lakewood-FNS). Money can also be added to a student’s meal account online via a credit card at https://www.mypaymentsplus.com/welcome. The student’s meal account is then debited as the student makes food purchases. Parents are welcome to have lunch with their children.

Parties/Treats

To safeguard students, as per District guidelines, party treats and birthday treats are restricted to commercially prepackaged items that require no food handling. The ingredients label needs to be present and legible as they will be checked by the school nurse or building staff for the presence of possible allergens, etc.

The Food and Nutrition Department is offering parents the option of ordering birthday treats for their children from the school cafeteria. Parents may select from a variety of kid-friendly treats (view the school Website). Order your birthday treats two weeks in advance of your child’s birthday from your cafeteria manager and the treats will be delivered to the classroom the day of the party.

Special Diets/Food Allergies

If your student requires a special diet or needs the school meal to be modified due to a medical condition, including food allergies, please complete the Medical Statement for Student’s Requiring Special Meals. USDA regulation 7 CFR Part 15b requires a statement signed by a licensed physician and a parent signature to allow any changes or substitutions to the standard school meal. Only a MD, DO, PA or NP is authorized to sign the medical statement.

Please provide detailed diet information on the medical statement. This information is necessary to ensure your student is provided with the foods that are appropriate to their specific dietary needs.
restrictions. For example, if your student cannot have milk, indicate only fluid milk or if it is all milk including baked in goods, please state this on the medical form, as well as the same for eggs.

Please complete the Medical Statement for Students Requiring Special Meals form and give to your school nurse or fax to (816) 413-5295. Feel free to contact Andrea Wilhoit at (816) 321-6287 or at andrea.wilhoit@nkcschools.org for more information on how we can better meet the special diet needs of your student.

If your student’s diet changes for any reason, a new Medical Statement must be filed before any changes are made to the student’s diet. Only the current Medical Statement will be followed by the Food and Nutrition Services Department. You can request allergies be removed with an email or written statement.

ACADEMIC INFORMATION

Instruction and Assessment

The Elementary Instructional Program
The basic instructional program in kindergarten through grade five consists of communication arts (reading, writing, speaking, and listening), math, science, and social studies. Technology is used as an instructional resource as well as a tool to access information. Additionally, computers will be used in a classroom or lab setting for a variety of instructional activities. Students also will receive the following encore instruction during a five-day rotation:

- One 60-minute period of visual arts.
- Two 30-minute periods of music.
- Two 30-minute periods of physical education.
- One 30-minute period of counseling every other five-day rotation.
- Two 30-minute periods of instrumental music are optional for fifth graders.
- One 30-minute period of health.

District Assessment
The District has a comprehensive testing program K-12. Results are used to provide feedback regarding individual student performance, inform instruction designed to meet student learning needs, determine student placement in support programs, and evaluate district curriculum and educational programming. In addition to classroom assessments, the following assessments are administered to all elementary students:

- Kindergarten through fifth grade students participate in performance assessments, reading level assessments, as well as reading and math comprehension and skill tests.
- English Language Learners participate in the state WiDA/ACCESS language fluency assessments mid-year.
- The purpose of the MAP (Missouri Assessment Program) would allow more classroom instruction time by assessments in English Language Arts and Mathematics rather than a full seven hours of testing for grades 3 and 4. Students in grade 5—the transition grade—would continue to take the full tests in English Language Arts and Math, as well as the current science assessment. MAP Grade Level Assessments are augmented norm-referenced tests delivered annually each spring. District accreditation is partially based on these scores.
- The state Physical Fitness assessments
- Middle School Math Placement tests each spring

Progress Reports
Students receive progress reports four times per year. The purpose of these reports is to keep parents informed regarding a child’s progress. Parents are expected to sign and return the large envelope after each grading period. Check the calendar on the inside cover of this handbook for specific distribution dates.
Early Intervention
North Kansas City Schools has adopted a process to frequently monitor student progress and intervene early with students who are not making satisfactory progress in the curriculum. Development of behavior which promotes success in school is part of the focus. The process is facilitated by a problem solving team at each school site. These teams use data about individual student progress to guide classroom interventions, and use of support services within the general education program. Parents may also refer students to the team. Contact your child’s teacher, counselor or the school principal if you believe your child is not making satisfactory progress.

Student Placement
When determining student class assignments, the goal is to attain a heterogeneous grouping by considering the special needs of individual students, instructional levels, boy/girl ratio, and class size. Much time and deliberation is required to work through all educational considerations when creating classes. The complexity of instructional classroom design and the goal to provide a quality, balanced education to all students make parental requests and outside influences difficult to accommodate. Therefore, final placement of students in individual classrooms is the joint responsibility of the principal and the instructional staff.

Promotion and Retention of Students
North Kansas City Schools is committed to the continuous development of students enrolled in the district’s schools and to student achievement of the skills for the current grade assignment for promotion to a higher grade. In evaluating student achievement, each teacher will make use of all available information including results of teacher-made tests, other measures of skill and content mastery, standardized test results, and teacher observation of student performance. Students will normally progress annually from grade to grade when, in the judgment of the professional staff, it is in the best interest of the student involved. However, retention may be considered when, in the judgment of the professional staff, it is in the best interest of the student. The final decision to promote or retain a student rests with the school administration.

Extended Learning Time (XLT)
The summer school program offers mastery classes and enrichment classes and is available to all District students at no charge. However, a fee may be charged for transportation. Brochures are sent home in early spring. If your child’s teacher recommends the mastery XLT program, you are strongly encouraged to enroll your child in order to reinforce basic math and reading skills.

Homework Philosophy and Guidelines

Homework Objectives
Homework is an important part of a student’s learning experience. It provides opportunities for students to practice skills and improve their understanding. It also provides additional time for students to complete work, conduct follow-up studies and develop good study habits. In North Kansas City Schools, teachers assign homework to achieve the following objectives:

▪ Provide independent practice of learned concepts and/or skills.
▪ Assist students in developing good independent work/study habits.
▪ Promote student responsibility, time management, and self-discipline.
▪ Encourage independent research skills.
▪ Promote positive interaction between students and parents.
Responsibilities
To promote homework as an extension of classroom experiences, the following guidelines have been developed to assist those working with students.

Student Responsibilities
▪ Records, completes and returns assigned work on time.
▪ Assumes responsibility for completing work when absent from school.
▪ Establishes a time and location at home for work to be done.
▪ Communicates homework assignments with parents/guardians.
▪ Strives to complete work to the best of his/her ability.

Parent/Guardian Responsibilities
▪ Works with the student to develop an appropriate time and location to complete work and develop into a routine.
▪ Provides an environment conducive to completion of homework.
▪ Encourages and motivates the student but does not do the student’s homework.
▪ Communicates with the teachers if concerns arise.
▪ Holds student accountable for completing work.

Teacher Responsibilities
▪ Provides meaningful tasks that support work introduced during class time.
▪ Acknowledges the activities and responsibilities of students outside of school and accepts that extenuating circumstances could arise that prevent students from completing work.
▪ Communicates with parents if concerns arise.
▪ Monitors homework assignments and provides feedback to students.
▪ Coordinates homework with other teachers/teams to avoid excessive homework on particular nights.
▪ Differentiates homework based on individual needs when appropriate.

Counselor Responsibilities
▪ Provides support groups when necessary to assist students in developing good study habits and effective time management practices.
▪ Assists the building support team in monitoring students in need of assistance.
▪ Helps students establish realistic goals and provide necessary support.
▪ Offers study-skills groups for selected students when needed.

Principal Responsibilities
▪ Communicates and monitors the district’s homework guidelines.
▪ Individualizes the guidelines according to the school’s/student’s needs.
▪ Provides leadership for building support team to assist students when needed.

Time Allocation for Elementary Students
Suggested guidelines for daily homework are ten minutes as a maximum for first grade students and 50 minutes for fifth grade students. Keep in mind that some of this time may be utilized for reading.
Parent/Teacher Interactions

Parent/Teacher Conferences
We desire parental involvement and encourage parents to call the school to schedule a conference with teachers throughout the school year if they have concerns, questions or comments. A conference can be arranged with an administrator, counselor or an individual teacher. In order to protect instructional time and the learning environment, we ask that parents arrange to meet with the staff ahead of time and check in with the receptionist in the Main Office. Parent/Teacher conferences will be held following the end of the first grading period. We encourage all of our parents to take advantage of this opportunity.

Contacting Teachers
School efforts are most effective when there is cooperation between home and school. Parents are encouraged to call the child’s teacher to discuss concerns. You may phone anytime during the school day and leave a message for a teacher. Telephones will not ring in the classroom during school hours, but you may leave a message and the teacher will return your call. You may also contact the teacher via e-mail.

Visits to Classrooms and District Events
The North Kansas City Board of Education encourages parents to be actively involved in their child’s education. The District is also committed to maintaining an instructional climate that is conducive to student success. Visitors are asked to schedule visits in advance so as not to interfere with the instructional program. Visitors must check in at the office upon arrival and wear a visitor’s badge.

Classroom observations are subject to several conditions outlined in board policy KK-AF. Third party observations are permitted if the observation is: legally required, in the best interest of the child or is otherwise designed to improve the district’s educational program. Parents who wish a third party observation must complete district form KK-AF to the principal. Parents will be notified if their request has been approved.

District events are a vital part of the total educational program and should be used as a means for developing wholesome attitudes, positive social interaction, good sportsmanship and appropriate behavior. Patrons are encouraged to attend and exhibit good sportsmanship, citizenship, ethics and integrity at all district events. Consequences for not adhering to appropriate behavior are outlined in district policy KK-AP.

Student visitors from other locations will not be allowed during school hours.
Student Attendance and Accountability

Attendance
Regular attendance is essential for a quality education. Parents are encouraged to schedule medical/dental appointments outside of the school day to provide students with as much learning time as possible. The principal is obligated to address unsatisfactory attendance. Action will be taken by the attendance staff, including contact with the parents, when chronic or multiple absences occur. Excessive absences may result in referral to the legal authorities. Student attendance status is as follows:

<table>
<thead>
<tr>
<th>Attendance Percentage</th>
<th>Attendance Status</th>
</tr>
</thead>
<tbody>
<tr>
<td>98%-100%</td>
<td>Excellent</td>
</tr>
<tr>
<td>95%-97%</td>
<td>Satisfactory</td>
</tr>
<tr>
<td>90%-94%</td>
<td>Marginal</td>
</tr>
<tr>
<td>89% and below</td>
<td>Unsatisfactory</td>
</tr>
</tbody>
</table>

The Missouri Compulsory Attendance Act lists the following as acceptable reasons for an absence from school (School may request written verification):
- Personal illness
- Doctor/dental appointments
- Serious illness or death of a member of the family or close friend
- Emergencies at home such as fire or flood
- Religious holidays
- Professional appointments that cannot be scheduled outside the school day

These absences will affect your child's attendance percentage.

Reporting Absences
All schools have a 24-hour attendance line. In the event that an illness or other reasonable circumstance prevents your child from attending, please inform the school. If your child will miss several days, you only need to call the first day. If no contact is made by 9:00 a.m. for early schools and 9:30 a.m. for late schools, every attempt will be made to reach a parent or emergency contact to verify the reason for the absence. Our intent with the requirement for verification of absences, late arrivals, and early departures is that parents and school personnel always know where every student is during school hours.

Late to School Procedure
When a student arrives late, he/she must check in with the administrative assistant to obtain a pass to class. For the safety of the student and to verify the reason for the late arrival, parents must sign in their child in the office. Tardiness/late arrival will affect your child’s attendance percentage.

Early to Leave Procedure
For the safety of the student and to verify the reason for leaving, parents must sign out their child in the office. The parent must notify the office in advance if someone other than the parent is picking up the child. Leaving early will affect your child’s attendance percentage.
Makeup Work Due to Absences
If a student wants his/her “makeup” work when he/she is ill, the parent should call before 9:30 a.m. and not plan to pick up the work in the office until after 3:00 p.m.

Planned Extended Absences
The instructional program is designed for interaction between the teacher and student that is not possible when students are absent for extended periods of time. Parents are encouraged to plan vacations/trips during times when school is not in session. Schools will provide instructional materials/assignments for up to five (5) school days of consecutive absence with 48 hours prior notice. Due to state attendance reporting guidelines, the absence will be “excused absent” and will negatively affect the child’s attendance percentage.

Textbooks and Supplies
The district will provide necessary textbooks in all basic instructional areas. Additional resources are available from the Library Media Center and teachers. Students will be charged replacement costs for any resources lost or damaged.

Dress and Grooming
The primary responsibility for a student’s school dress and grooming rests with the student’s parents/guardians. Proper dress or grooming will ensure your child can participate in the total school program. This includes clothing suited for outdoor play as well as gym shoes for PE. The Board of Education expects student dress and grooming to be neat, clean and in good taste so that each student may share in promoting a positive, healthy and safe atmosphere within the school district. Student dress and grooming will be the responsibility of the individual and parents/guardian, within the following guidelines:

▪ Dress that promotes the use of drugs, alcohol, tobacco, criminal, or sexual activity will be prohibited.
▪ No see-through clothing or underclothing worn as an outer garment.
▪ Boxer shorts, biker pants, overly tight or short garments are not allowed.
▪ No bare backs or midriffs.
▪ Tank tops open below the armpit must be worn with an undershirt.
▪ Hats, head scarves, caps and sunglasses are not allowed to be worn inside the building. The district may make an exception to this provision if the student must wear head garb as a basic tenant of the student’s religion.
▪ Dress and grooming will not disrupt the educational environment.

Human Sexuality Instruction
The Board of Education recognizes that parents/guardians are the primary source of sexuality education for their children. The Board also recognizes that effective sexuality education, taught in concert with parents/guardians, helps students avoid risks to their health and academic success and prepares them to make informed decisions as adults. Therefore, pursuant to requirements of state law, if the district chooses to use any course materials and instruction relating to human sexuality and sexually transmitted diseases the materials and instruction shall be medically and factually accurate. Public Notice for Parents of Students with Disabilities

All responsible public agencies are required to locate, evaluate, and identify children with disabilities who are under the jurisdiction of the agency, regardless of the severity of the disability, including children attending private schools, highly mobile children, such as migrant and homeless children, and children who are suspected of having a disability and in need of special education even though they are advancing from grade to grade.

North Kansas City Schools assures that it will provide a free, appropriate education (FAPE) to all eligible children with disabilities between the ages of 3 and 21 under its jurisdiction. Disabilities include autism, visual impairment/blindness, emotional disorders, hearing impairment and deafness, mental retardation, multiple disabilities, orthopedic impairment, other health impairments, specific learning disabilities, speech or language impairment, traumatic brain injury, and young children with a developmental delay.

North Kansas City Schools assures that it will provide information and referral services necessary to assist the State in the implementation of early intervention services for infants and toddlers eligible for the Missouri First Steps program.

North Kansas City Schools assures that personally identifiable information collected, used, or maintained by the agency for the purposes of identification, evaluation, placement, or provision of FAPE of children with disabilities may be inspected and/or reviewed by their parents/guardians. Parents/guardians may request amendment to the educational record if the parent/guardian believes the record is inaccurate, misleading, or violates the privacy and/or other rights of their child. Parents have the right to file complaints with the U.S. Department of Education or the Missouri Department of Elementary and Secondary Education concerning alleged failures by the district to meet the requirements of the Family Educational Rights and Privacy Act (FERPA).

North Kansas City Schools have developed a Local Compliance Plan for the implementation of State Regulations for the Individuals with Disabilities Education Act (IDEA). This plan contains the agency’s policies and procedures regarding storage, disclosure to third parties, retention and destruction of personally identifiable information and the agency’s assurances that services are provided in compliance with the General Education Provision Act (GEPA). This plan may be reviewed at Pupil Services/Doolin Center in the District Administrative Center, 2000 NE 46th Street, Kansas City, MO 64116, from 9:00 AM to 4:00 P.M. on days that school is in session.

Local school districts in the State of Missouri are required to conduct an annual census of all children with disabilities or suspected disabilities from birth to age twenty-one (21) that reside in the district. This census must be compiled by December 1 of each year. This information is treated as confidential and must include: the name of the child; parent/legal guardian’s name and address; birth date and age of the child; the child’s disability; and the services provided to the child. If you have a child with a disability or know of a child with a disability who is not attending the public school, please contact the Director of Pupil Services, at (816)321-6352. This notice will be provided in native languages as appropriate.

Specially Trained Teachers

Specially trained teachers are available for students who qualify for services in reading, special education, gifted education (SAGE), and English Language Learners (ELL). In addition to delivering class lessons on personal and social development, the counselor is available to meet with
individuals, small groups, and parents upon request. Parents of students who receive these services will be notified.

**Field Trips**
The Board believes that field trips often enhance the program of instruction and add much to the education of a student. Trips may be authorized by the superintendent or delegated representative when the activities contribute substantially to the achievement of desirable educational goals. All field trips should be planned with an educational purpose and in relation to a unit of study. To be educationally beneficial, a field trip requires thoughtful selection, careful advance preparation of the class and opportunities for students to assimilate the experience during and at the conclusion of the trip. To this end, teachers and principals will be expected to consider the following factors in the selection of field trips:
- Value of the activity to the particular class group or class groups.
- Relationship of the field trip activity to a particular aspect of classroom instruction.
- Suitability of the activity and distance traveled in terms of the age level of students.
- Mode and availability of transportation.
- Cost of field trip.

Due to the increased cost of transportation, all field trips should be carefully scrutinized by the administration.

All parents of students who are eligible to participate in the field trip shall be notified of the activity.

**Library Media Center (LMC)**
The LMC is a vital aspect of the elementary program. Each week elementary students will have a check-out time in the Library Media Center. Students have access to a variety of resources including books, magazines, newspapers, and electronic resources. (Parents can access electronic information from home by visiting the district Web page at [www.nkcschools.org](http://www.nkcschools.org)). Additionally, students will be visiting the LMC regularly as the media specialist and classroom teacher work collaboratively to provide experiences in accessing, evaluating, and using information.

**Reading/Senate Bill 319**
Senate Bill 319 (SB319) was enacted to ensure that by the end of the third grade year every student is able to read well, and that the schools develop plans to assist students who have reading difficulties. Third graders reading more than a year below grade level must be identified. A Personalized Reading Education Plan (PREP) would be developed for the fourth grade year. The PREP would include instruction from the reading specialist as well as instruction outside the regular school day for remediation. After this intervention, students still determined to be more than a year below grade level must be retained in the fourth grade. Some students are exempt from the requirements of the law due to identified special needs including English Language Learners (ELL), special education students, students who already have written plans addressing reading (504 plans), and students who have been identified to have low cognitive abilities that prevent them from reading at grade level.

**IEP Information**
Any portion of a student’s individualized education program (IEP) that is related to, demonstrated or potentially violent behavior shall be provided to any teacher or other school district employees who are directly responsible for the student’s education or who otherwise interact with the student on an educational basis while acting within the scope of their assigned duties.
Technology

Technology Usage
The North Kansas City School District’s technology exists for the purpose of maximizing the educational opportunities and achievement of district students. Research shows that students who have access to technology improve achievement. In addition, technology assists with the professional enrichment of the staff and Board and increases engagement of students' families and other patrons of the district, all of which positively impact student achievement. The district will periodically conduct a technology census to ensure that instructional resources and equipment that support and extend the curriculum are readily available to teachers and students.

The purpose of this policy is to facilitate access to district technology and to create a safe environment in which to use that technology.

Definitions
For the purposes of this policy and related procedures and forms, the following terms are defined:

Technology Resources – Technologies, devices and resources used to access, process, store or communicate information. This definition includes, but is not limited to: computers, modems, printers, scanners, fax machines and transmissions, telephonic equipment, audio-visual equipment, Internet, electronic mail, electronic communications devices and services, multi-media resources, hardware and software.

User – Any person who is permitted by the district to utilize any portion of the district’s technology resources including, but not limited to, students, employees, School Board members and agents of the school district.

User Identification (ID) – Any identifier that would allow a user access to the district’s technology resources or to any program including, but not limited to, e-mail and Internet access.

Password – A unique word, phrase or combination of alphabetic, numeric and non-alphanumeric characters used to authenticate a user ID as belonging to a user.

Authorized Users
The district’s technology resources may be used by authorized students, employees, School Board members and other persons such as consultants, legal counsel and independent contractors. All users must agree to follow the district’s policies and procedures. Use of the district’s technology resources is a privilege, not a right. No potential user will be given an ID, password or other access to district technology if he or she is considered a security risk by the superintendent or designee.

User Privacy
A user does not have a legal expectation of privacy in the user’s electronic communications or other activities involving the district’s technology resources, including e-mail and access to the Internet or network drives. By using the district’s network and technology resources, all users are consenting to having their electronic communications and all other use monitored by the district. A user ID with e-mail access will only be provided to authorized users on condition that the user consents to interception of or access to all communications accessed, sent, received or stored using district technology.
Electronic communications, downloaded material and all data stored on the district’s technology resources, including files deleted from a user’s account, may be intercepted, accessed or searched by district administrators or designees at any time in the regular course of business to protect users and district equipment. Any such search, access or interception will be reasonable in inception and scope and shall comply with all applicable laws.

**Technology Administration**

The Board directs the superintendent or designee to create procedures governing technology usage and to assign trained personnel to maintain the district’s technology in a manner that will protect the district from liability and will protect confidential student and employee information retained on or accessible through district technology resources.

Administrators of computer resources may suspend access to and/or availability of the district’s technology resources to diagnose and investigate network problems or potential violations of the law or district policies and procedures. All district technology resources are considered district property. The district may maintain or improve technology resources at any time. The district may remove, change or exchange hardware or other technology between buildings, classrooms or users at any time without prior notice. Authorized district personnel may install or remove new programs or information, install new equipment, upgrade any system or enter any system to correct problems at any time.

**Content Filtering and Monitoring**

The district will monitor the online activities of minors and operate a technology protection measure (“filtering/blocking device”) on the network and/or all computers with Internet access, as required by law. The filtering/blocking device will be used to protect against access to visual depictions that are obscene or harmful to minors or are child pornography, as required by law. Filtering/Blocking devices are not foolproof, and the district cannot guarantee that users will never be able to access offensive materials using district equipment. Evasion or disabling, or attempting to evade or disable, a filtering/blocking device installed by the district is prohibited.

The superintendent, designee or the district’s technology administrator may disable the district’s filtering/blocking device to enable a non-student user access for bona fide research or for other lawful purposes. In making decisions to disable the district's filtering/blocking device, the administrator shall consider whether the use will serve a legitimate educational purpose or otherwise benefit the district.

**Closed Forum**

The district’s technology resources are not a public forum for expression of any kind and are to be considered a closed forum to the extent allowed by law. The district’s web page will provide information about the school district, but will not be used as an open forum.

All expressive activities involving district technology resources that students, parents/guardians and members of the public might reasonably perceive to bear the imprimatur of the district and that are designed to impart particular knowledge or skills to student participants and audiences are considered curricular publications. All curricular publications are subject to reasonable prior restraint, editing and deletion on behalf of the school district for legitimate pedagogical reasons. All other expressive activities involving the district’s technology are subject to reasonable prior restraint and subject matter restrictions as allowed by law and Board policies.
**Records Retention**  
Trained personnel shall establish a retention schedule for the regular archiving or deletion of data stored on district technology resources that complies with the *Public School District Records Retention Manual* as well as the *General Records Retention Manual* published by the Missouri Secretary of State. In the case of pending or threatened litigation, the district's attorney will issue a litigation hold directive to the superintendent or designee.

The litigation hold directive will override any records retention schedule that may have otherwise called for the transfer, disposal or destruction of relevant documents until the hold has been lifted by the district's attorney. E-mail and computer accounts of separated employees that have been placed on a litigation hold will be maintained by the district's information technology department until the hold is released. No employee who has been so notified of a litigation hold may alter or delete any electronic record that falls within the scope of the hold. Violation of the hold may subject the individual to disciplinary actions, up to and including termination of employment, as well as personal liability for civil and/or criminal sanctions by the courts or law enforcement agencies.

**Violations of Technology Usage Policies and Procedures**  
Use of technology resources in a disruptive, manifestly inappropriate or illegal manner impairs the district’s mission, squanders resources and shall not be tolerated. Therefore, a consistently high level of personal responsibility is expected of all users granted access to the district’s technology resources. Any violation of district policies or procedures regarding technology usage may result in temporary, long-term or permanent suspension of user privileges. User privileges may be suspended pending investigation into the use of the district’s technology resources.

Employees may be disciplined or terminated, and students suspended or expelled, for violating the district’s technology policies and procedures. Any attempted violation of the district’s technology policies or procedures, regardless of the success or failure of the attempt, may result in the same discipline or suspension of privileges as that of an actual violation.

**Damages**  
All damages incurred by the district due to a user’s intentional or negligent misuse of the district’s technology resources, including loss of property and staff time, will be charged to the user. District administrators have the authority to sign any criminal complaint regarding damage to district technology.

**No Warranty/No Endorsement**  
The district makes no warranties of any kind, whether expressed or implied, for the services, products or access it provides. The district’s technology resources are available on an "as is, as available" basis.

The district is not responsible for loss of data, delays, non-deliveries, mis-deliveries or service interruptions. The district does not endorse the content nor guarantee the accuracy or quality of information obtained using the district’s technology resources.

**Student Users**  
Students will be given access to the district’s technology resources and upon logging in agree to abide by the district usage policy and procedures.
General Rules and Responsibilities
The following rules and responsibilities will apply to all users of the district’s technology resources:

1. Applying for a user ID under false pretenses or using another person’s ID or password is prohibited.
2. Sharing user IDs or passwords with others is prohibited and users will be responsible for using the ID or password. A user will not be responsible for theft of passwords and IDs, but may be responsible if the theft was the result of user negligence.
3. Deleting, examining, copying or modifying files or data belonging to other users without their prior consent is prohibited.
4. Mass consumption of technology resources that inhibits use by others is prohibited.
5. Use of district technology, including the telephone system, for soliciting, advertising, fundraising, commercial purposes or for financial gain is prohibited, unless authorized by the district.
6. Accessing fee services without permission from an administrator is prohibited. A user who accesses such services without permission is solely responsible for all charges incurred.
7. Users are required to obey all laws, including criminal, copyright, privacy, defamation and obscenity laws. The school district will render all reasonable assistance to local, state or federal officials for the investigation and prosecution of persons using district technology in violation of any law.
8. The district prohibits the use of district technology resources to access, view or disseminate information that is pornographic, obscene, child pornography, harmful to minors, obscene to minors, libelous, pervasively indecent or vulgar, or advertising any product or service not permitted to minors.
9. Accessing, viewing or disseminating information on any product or service not permitted to minors is prohibited unless under the direction and supervision of district staff for curriculum-related purposes.
10. The district prohibits the use of district technology resources to access, view or disseminate information that constitutes insulting or fighting words, the very expression of which injures or harasses other people (e.g., threats of violence, defamation of character or of a person’s race, religion or ethnic origin); presents a clear and present likelihood that, because of their content or their manner of distribution, they will cause a material and substantial disruption of the proper and orderly operation and discipline of the school or school activities; or will cause the commission of unlawful acts or the violation of lawful district policies and procedures.
11. Possession of beepers, pagers, radios, MP3, IPod, CD players, laser pointers, portable game players, etc., are not appropriate in a school setting. The school is not responsible for damaged, lost or stolen items.

**Cell Phones**
We recognize that parents may want their student to have a mobile phone for safety reasons. However, mobile phones do present possible disruptions to the educational process. Therefore, appropriate steps must be taken to prevent disruptions.

In general, the following guidelines will be used:
- The mobile phone will be the child’s and parent/guardian’s responsibility at all times.
- The school is not responsible for damaged, lost or stolen mobile phones.
- The mobile phone will be turned off during the instructional school day.
- If guidelines are violated, the privilege of the mobile phone may be revoked.

1. Use of district technology resources in attempting to gain or gaining unauthorized access to any technology system or the files of another is prohibited.
2. Use of district technology to connect to other systems, in evasion of the physical limitations of the remote system, is prohibited.
3. The unauthorized copying of system files is prohibited.
4. Intentional or negligent attempts, whether successful or unsuccessful, to interfere with the ability of others to utilize any district technology are prohibited.
5. Any attempts to secure a higher level of privilege on the technology resources without authorization are prohibited.
6. The introduction of computer viruses, hacking tools or other disruptive or destructive programs into a district computer, network or any external networks is prohibited.

**Online Safety, Disclosure, Use and Dissemination of Personal Information**

6. All district employees will abide by state and federal law, Board policies and district rules including, but not limited to, policy JO and regulation JO-R when communicating information about personally identifiable students.

7. Employees shall not transmit confidential student information using district technology, unless designated for that use. Employees will take precautions to prevent negligent disclosure of student information or student records.

8. No curricular or non-curricular publication distributed using district technology will include the address, phone number or e-mail address of any student without permission.

**Electronic Mail (Email)**

A user is responsible for all e-mail originating from the user’s e-mail account.

**Exceptions**

Exceptions to district rules will be made for district employees or agents conducting an investigation of a use that potentially violates the law, district policies or procedures. Exceptions will also be made for technology administrators who need access to district technology resources to maintain the district’s resources or examine and delete data stored on district computers as allowed by the district’s retention policy.

**Waiver**

Any user who believes he or she has a legitimate educational purpose for using the district’s technology in a manner that may violate any of the district’s policies or procedures may request a waiver from the building principal, superintendent or their designees. In making the decision to grant a waiver to a student, the administrator shall consider the purpose, age, maturity and level of supervision involved.

**Social Media Guidelines for Students**

All student social media accounts (e.g., Facebook, Twitter, etc.) will be PERSONAL accounts. School related pages should be created by school personnel such as an activities sponsor, coach, teacher or administrator.

- Be aware of what you post online. Social media venues are very public. What you contribute leaves a digital footprint for all to see. Do not post anything you wouldn’t want friends, enemies, parents, teachers, or a future employer to see.
- Follow the school’s code of conduct when writing online. It is acceptable to disagree with someone else’s opinions, however, do it in a respectful way. Make sure that criticism is constructive and not hurtful. What is inappropriate in the classroom is inappropriate online.
- Be safe online. Never give out personal information, including, but not limited to, last names, phone numbers, addresses, exact birthdates, and pictures. Do not share your password with anyone besides your teachers and parents.
- Linking to other Websites to support your thoughts and ideas is recommended. However, be sure to read the entire article prior to linking to ensure that all information is appropriate for a school setting.
- Do your own work! Do not use other people's intellectual property without their permission. Be aware that it is a violation of copyright law to copy and paste other's thoughts. It is good practice to hyperlink to your sources.
- Be aware that pictures may also be protected under copyright laws. Verify you have permission to use the image.
- How you represent yourself online is an extension of yourself. Do not misrepresent yourself by using someone else's identity.
- Blog and wiki posts should be well written. Follow writing conventions including proper grammar, capitalization, and punctuation. If you edit someone else's work, be sure it is in the spirit of improving the writing.
- If you run across inappropriate material that makes you feel uncomfortable, or is not respectful, tell a parent or teacher right away.
- Students who do not abide by these terms and conditions may lose their opportunity to take part in the project and/or access to future use of online tools. ### Social Media Guidelines for Parents

Classroom blogs and other social media are powerful tools. They create communication and collaboration opportunities between students, parents, teachers and other district personnel, and can have a positive impact on learning. North Kansas City Schools encourages parents to view and participate by adding comments on district/school/teacher sponsored social media sites when appropriate (including Facebook, Twitter and Blackboard).

Parents are asked to adhere to the following guidelines:

- Parents will receive communication from teachers prior to their child’s involvement in any project using online social media applications, i.e., blogs, wikis, podcast, etc.
- Parents should not attempt to destroy or harm any information online.
- Parents should not use classroom social media sites for any illegal activity, including violation of data privacy laws.
- Parents are highly encouraged to read and/or participate in social media.
- Parents should not distribute information that might be deemed personal about other students via social media.
- Parents should not upload or include any information that does not also meet the Student Guidelines.
- Parents experiencing concerns with their student’s education, school environment, school activities and/or interaction with a teacher or administrator are encouraged to speak to school and/or District Leadership BEFORE turning to outside sources such as the media for resolution. Please work through District channels first.
