

A Lasting Legacy

Thanks to the Class of 2014, Staley High School has a Digital Carillon Bell System. The Class of 2014 officers this summer changed their gift from a fountain to a Verdin Supreme digital carillon system, similar to what Maplewood Community College has. Most colleges and universities have similar systems in place.

Currently, the system is programmed to play Westminster Chimes and clock strikes at the top of the hour between 7:00 AM and 8:00 PM Monday-Friday. The system is also scheduled to play the Staley High School Fight Song at 2:30 PM Monday-Friday.

The carillon currently has stored patriotic songs and seasonal selections. This past Friday night (October 17, 2014), the system played for the first time a celebration peal following the 42-6 football victory over Oak Park.
